Impostors Christopher L. Miller, 2022-12-22 Miller takes us on an exciting tour of postcolonial and world literature guiding us through the literary maze of the real and the pretenders to the real Ngugi wa Thiong o author of Wizard of the Crow Writing a new page in the surprisingly long history of literary deceit *Impostors* examines a series of literary hoaxes deceptions that involved flagrant acts of cultural appropriation This book looks at authors who posed as people they were not in order to claim a different ethnic class or other identity These writers were in other words literary usurpers and appropriators who trafficked in what Christopher L Miller terms the intercultural hoax In the United States such hoaxes are familiar Forrest Carter s *The Education of Little Tree* and JT LeRoy s *Sarah* are two infamous examples Miller s contribution is to study hoaxes beyond our borders employing a comparative framework and bringing French and African identity hoaxes into dialogue with some of their better known American counterparts In France multiculturalism is generally eschewed in favor of universalism and there should thus be no identities in the American sense to steal However as Miller demonstrates this too is a ruse French universalism can only go so far and do so much There is plenty of otherness to appropriate This French and Francophone tradition of imposture has never received the study it deserves Taking a novel approach to this understudied tradition *Impostors* examines hoaxes in both countries finding similar practices of deception and questions of harm In this fascinating study of intercultural literary hoaxes Christopher L Miller provides a useful brief history of American literary impostures as a backdrop for his investigation of France s literary history of ethnic usurpation Henry Louis Gates Jr

New York Times bestselling author **Latinx Literature Unbound** Ralph E. Rodriguez, 2018-05-08 Since the 1990s there has been unparalleled growth in the literary output from an ever more diverse group of Latinx writers. Extant criticism however has yet to catch up with the diversity of writers we label Latinx and the range of themes about which they write. Little sustained scholarly attention has been paid moreover to the very category under which we group this literature. **Latinx Literature Unbound** thus begins with a fundamental question: What does it mean to label a work of literature or an entire corpus of literature Latinx? From this question others emerge: What does Latinx allow or predispose us to see and what does it preclude us from seeing? If the grouping which brings together a heterogeneous collection of people under a seemingly homogeneous label tells us something meaningful, is there a poetics we can develop that would facilitate our analysis of this literature? In answering these questions, **Latinx Literature Unbound** frees Latinx literature from taken-for-granted critical assumptions about identity and theme. It argues that there may be more salubrious taxonomies than Latinx for organizing and analyzing this literature. Privileging the act of reading as a temporal meaning-making event, Ralph E. Rodriguez argues that genre may be a more durable category for analyzing this literature and suggests new ways we might proceed with future studies of the writing we have come to identify as Latinx.
