

COMPARE: Types of Health Insurance Plans

There are a LOT of options regarding health insurance, but in the end it boils down to THREE main variables:

- A. **How is the cost of medical care being divided?** - Meaning when you need medical care, what percentage are you agreeing to pay and what percentage will the insurance company pay?
- B. **What type of plan are you purchasing?** - Different plan types have different rules about which doctors you are able to see and how much it costs to see them.
- C. **Where are you purchasing your plan from?** - There are dozens of different health insurance companies competing for your business, offering a variety of plans based on the previous two criteria.

(Note: This activity will focus only on variables A and B. Since purchasing a health insurance plan online often involves providing personal information, the activity does not attempt to simulate that variable.)

Part I: How Is the Cost of Medical Care Being Divided?
