*Confessions and Testimony of a Christian Prisoner* Ray Amato,2021-04-19 Unknowingly to me the writing of this book commenced decades ago while traveling my thirty five state territories as a tractor trailer driver Listening to volumes of the Bible on cassette tapes I often felt compelled to pull over and write on various issues as they occurred to me Across the years I improved but not until I became a serious reader did I develop my present style through the influence of various prolific authors GK Chesterton C S Lewis John MacArthur and others This book is a collection of theological essays poetry and short stories some of which are true stories of my road trips and life experiences In a backsliding state however some old bad habits revisited landing me in prison As I entered my first jail cell it was vacant except for a beautiful leather bound NKJ version of the Bible and a copy of a Strong s Concise Concordance of the Bible still sealed in cellophane wrap That my friends I needn t say but I will anyway is an unheard of incident in 10 million vacant jail cells So now I had just what I would need to polish my previous work the time pardon the pun and the equipment For my familiarity with the Bible was exhaustive but only on tape so the concordance was what I would need to find my way around This was to me a sign from God clearer than words In addition to reading and writing I lead Bible study in county jail and eventually in state prison I shared my work from the pulpit at our chapel It was then that I felt lead to compose this book however it was the Holy Spirit s help and energy who made it happen I pray that it produces the ends to which it is sent multiplying the faithful among men in Christ Jesus

Remember to pray for the men and women who have lost their way **The Colored Boys** John Hunter Parker,2017-03-08 The Colored Boys is Top Gun II with all the thrills dangers and aerial exploits of the first only better This is the story of aviators who fly F 14 Tomcats amazing complex and phenomenal machines possessing technology that was light years ahead of their time Two black men from very different backgrounds believe that they can break into the demanding world of naval tactical aviation and learn to fly operate and master these machines and the technology they possess While young and naive these men are also amazingly confident determined and driven type A personalities who take on the challenges that their chosen profession and dynamic careers demand Told through their eyes their personalities and their experiences we follow

them as they evolve from terrified aviation officer candidates to commissioned officers into seasoned aviators The Colored Boys follows them from their induction in Naval Officer Candidates School through the myriad of challenges terror and joys of flight school the demands of the replacement air group and then to the demands of squadron life in the fleet They train develop teach and grow and then they are thrust into the life and death struggles of war in the Persian Gulf There they enter combat and must fight for their survival in a war that tests their mettle as human beings as aviators and as men The Colored Boys is also about the navy the real navy a beloved but highly traditionalized institution that must grapple with the integration of these men into its culture into its strict caste system of officers persons commissioned and positioned to command sailors and the men and women they command and serve who sometimes unconsciously sometimes quite consciously resist change and have deeply ingrained revulsion prejudices and aversion to black men that they sometimes don't even recognize or believe exists within themselves This is the story of how these two men face tackle and overcome the invisible and mostly covert but highly prevalent racism and still excel in the already highly demanding world of naval aviation This is the story of these phenomenal flying machines the amazing men who fly them and the demanding missions that they perform daily as they serve this nation as members of the United States Navy Two African American men who fight to prove to others to the navy and ultimately to themselves that they do indeed belong that they can hack it that they too have the right stuff They are many things to many people but ultimately they prove that they are not merely black men not just commissioned officers and not just Americans They are naval aviators
