Ever Closer Union Desmond Dinan, 2010-08-03 Ever Closer Union clearly and engagingly introduces the complexities of European integration The 4th edition is fully revised and updated to take account of major changes in the EU including full coverage of the impact of the Lisbon Treaty

"Foundations of an Ever Closer Union" Mark Callanan, 2007 Marking the fiftieth anniversary of the Treaty of Rome this publication examines some of the key developments in European integration from an Irish perspective The book explores different aspects of Ireland's relationship with the process of European integration including Ireland's relationship with the six founding members before it joined in 1973 and how European developments formed the backdrop to domestic debates over changing Irish economic policy in the 1950s and 1960s The increasing importance of the European Union in different policy areas is also analysed as is the impact the Union has had on the work of ministers and the Oireachtas and how EU business is managed within government departments The publication also reflects on the different amendments to the Treaty of Rome and how Ireland has contributed to the negotiation of new treaties since the 1980s With contributions from both practitioners and academics the book offers a diverse range of perspectives on how European developments have impacted on Ireland as well as reflections on what Ireland has brought to the European integration project In these different ways the authors offer interesting new insights into Ireland's involvement in the integration process and illustrate how Ireland's position within the European Union has matured and entered a new phase of development

Ever Closer Union? Perry Anderson, 2021-09-28 A comprehensive critical assessment of the EU after Brexit The European Union is a political order of peculiar stamp and continental scope its polity of 446 million the third largest on the planet though with famously little purchase on the conduct of its representatives Sixty years after the founding treaty what sort of structure has crystallised and does the promise of ever closer union still obtain Against the self image of the bloc Perry Anderson poses the historical record of its assembly He traces the wider arc of European history from First World War to Eurozone crisis the hegemony of Versailles to that of Maastricht and casts the work of the EU's leading contemporary analysts both independent critics and court philosophers in older traditions of political thought Are there likenesses to the age of Metternich lessons in statecraft from that of Machiavelli An excursus on the UK's jarring departure from the Union considers the responses it has met with inside the country's intelligentsia from the contrite to the incandescent How do Brussels and Westminster compare as constitutional forms Differently put which could be said to be worse

Ever Closer Union?

Desmond Dinan,1998 The New Totalitarian Temptation Todd Huizinga,2016-02-16 What caused the eurozone debacle and the chaos in Greece Why has Europe s migrant crisis spun out of control over the heads of national governments Why is Great Britain calling a vote on whether to leave the European Union Why are established political parties declining across the continent while protest parties rise All this is part of the whirlwind that EU elites are reaping from their efforts to create a unified Europe without meaningful accountability to average voters The New Totalitarian Temptation Global Governance and the Crisis of Democracy in Europe is a must read if you want to understand how the European Union got to this point and what the European project fundamentally is This is the first book to identify the essence of the EU in a utopian vision of a supranationally governed world an aspiration to achieve universal peace through a global legal order The ambitions of the global governancers are unlimited They seek to transform not just the world s political order but the social order as well discarding basic truths about human nature and the social importance of tradition in favor of a human rights policy defined by radical autonomy and unfettered individual choice And the global governance ideology at the heart of the EU is inherently antidemocratic EU true believers are not swayed by the common sense of voters nor by reality itself Because the global governancers aim to transfer core powers of all nations to supranational organizations the EU is on a collision course with the United States But the utopian ideas of global governance are taking root here too even as the European project flames into rancor and turmoil America and Europe are still cultural cousins we stand or fall together The EU can yet be reformed and a commitment to democratic sovereignty can be renewed on both sides of the Atlantic *An Ever Closer Union* Roland Bieber,Jean-Paul Jacqué,Joseph Weiler,European University Institute. European Policy Unit,1985 **European Integration Perspectives in Times of Global Crises** Andreas Kellerhals,Tobias Baumgartner,Corinne Reber,2023-04-06 With its White Paper on the Future of Europe the European Commission initiated a debate on fundamental reforms of the Union s structures in 2017 The paper outlined five reform scenarios ranging from a reduction and refocusing of the EU s competences to deeper integration in the spirit of a United States of Europe However the White Paper ultimately had no tangible impact as none of the proposed scenarios were implemented Nevertheless current global challenges including health crises climate change energy resource management shifting global power dynamics and related security issues underscore the growing need for a strong and united Europe The idea of an ever closer union as enshrined in the preamble of the 1992 EU Treaty could be experiencing a revival Against this backdrop the 13th Network Europe Conference examined the significance of the European integration project in times of global crisis Discussions focused on key policy challenges the EU s relationships with its eastern and southern neighbors and its role in relation to global actors such as China and Russia The publication features contributions from Michael Amb hl Jelena Ceranic Perisic Viorel Cibotaru Christelle Genoud Christos V Gortsos Iris Goldner Lang Nora Meier Peter Christian M ller Graff Eva Pils Clara Portela and Peter R Rodrigues Network Europe was founded in 2003 by the Europa Institute at the University of Zurich with support from the Swiss government It serves as a

forum for scholarly exchange on legal and political aspects of European integration bringing together researchers from across Europe

An ever closer union - a critical analysis of the Draft Treaty establishing the European Union, 1985 **Europe** David Martin, 1991 HC 458 - UK Government's renegotiation of EU membership: Parliamentary sovereignty and scrutiny Great Britain. Parliament. House of Commons. European Scrutiny Committee, 2015 By the end of 2017 the UK electorate will be invited to decide whether the UK should remain a member of the EU or leave the EU Before inviting the electorate to make its choice the Government is renegotiating the terms of the UK's EU membership A process as critical as this should be subject to the most careful scrutiny Yet we have found the Government's approach to Parliament during the renegotiation so far to be reactive and opaque The onus has been placed on Parliament to guess when to request information and evidence from the Government and others We regret this approach on a topic of such national importance Dialogue between the Government and Parliament needs to improve substantially after the December European Council Under Standing Orders much of our work involves evaluating EU proposals for legal and political importance In a similar way we have assessed each of the Government's four areas of renegotiation against its own criteria We conclude that the negotiation priorities as set out by the Prime Minister will not deliver the legally binding and irreversible agreement leading to reform of the EU nor a fundamental change in the UK's relationship with it envisaged by him Given that no Treaty amendments will be made before the referendum voters are entitled to know the extent to which subsequent Treaty amendment will be required to deliver any new agreement and how robust and meaningful any guarantees or promises in this respect may be The Government envisages immediate delivery of the renegotiation outcome by means of an international agreement It should be clear to the voters that any such agreement would be consistent with the existing EU Treaties only insofar as it is limited to interpreting or supplementing them It cannot substantively alter the EU Treaties Europe After Maastricht Renaud Dehousse, 1994-01-01 The Maastricht Treaty which entered into force on 1 November 1993 has triggered an important discussion on the advantages and disadvantages of a unified Europe among the Community members With the signing of the Treaty an important new phase in the development towards a European Union has begun Moreover Maastricht means a significant strengthening of the Community powers at least in theory Whether or not this is indeed the case and whether the EC members will easily and voluntarily give up some of their national powers for the greater European cause is one of the central themes of Europe after Maastricht Several scholars from the European University Institute have attempted to answer this question and their written contributions have been compiled in this book which includes their observations on European social and monetary policies and the European unification process in general **United Empire**, 1910 **An Ever-closer Union?** Anne-Marie Houde, 2023 **Social Science**, 1928 *An Ever Closer Union* Roland Bieber, 1985 The End of the Ever Closer Union Hannes Hofmeister, 2018-05 **"An Ever Closer Union"** James Steinberg, 1993 This report examines the process of European integration and assesses its implications for U S policy
