## Forging The Swords:

The Perfect Sword Paul Gething,Edoardo Albert,2022-11-03 The story of the Bamburgh Sword one of the finest swords ever forged In 2000 archaeologist Paul Gething rediscovered a sword An unprepossessing length of rusty metal it had been left in a suitcase for thirty years But Paul had a suspicion that the sword had more to tell than appeared so he sent it for specialist tests When the results came back he realised that what he had in his possession was possibly the finest and certainly the most complex sword ever made which had been forged in seventh century Northumberland by an anonymous swordsmith This is the story of the Bamburgh Sword of how and why it was made who made it and what it meant to the warriors and kings who wielded it over three centuries It is also the remarkable story of the archaeologists and swordsmiths who found studied and attempted to recreate the weapon using only the materials and technologies available to the original smith

**Forging the Sword** Hilari Bell,2008-06-23 THE SPIRIT OF THE ANCIENT CHAMPION SORAHB WAS REBORN INTO THE BODY OF A DEGHAN YOUTH There is not much time left on the Hrum s self imposed limit only a few months If in that time they don t take all of Farsala then the Farsalans will regain their independence Ceaselessly Soraya Kavi and Jiaan work to keep control of what little land remains free from Hrum rule parts of the countryside the badlands and the walled city of Mazad They have many people helping them but there is still one important piece missing a sword that is able to withstand the Hrum s watersteel In the end Farsala will fall if it can t win in battle But one thing none of these young heroes can foresee is the growing desperation of the Hrum leaders It will lead some to break their own laws and sacred pacts and will reveal truths to Kavi Soraya and Jiaan about the nature of war the nature of human beings and most importantly the nature of themselves Hilari Bell builds the action and intrigue to a crescendo in the final installment of this critically acclaimed trilogy
