

**A**frican-led herd drive with horses and cowboys are perhaps the most iconic images of them all. They're the brave men who helped tame the Old West. But at the end of the nineteenth century, when cowboys and settlers were herding all kinds of animals—horses, oxen, sheep, and goats—many of them African Americans. Black men dominated the life and labor of black men and women who worked the horses and the land in the early 1800s. In this striking book, you'll discover how these individuals have endured through some strange hardships and a national obsession of their history.
