

Summary Chapter 11:

In this chapter, Brian shows how he has matured as he understands he's on his own to survive. In first few weeks after the plane crash, Brian focused on the world in which he used to live, constantly seeking and hoping for a way out of his situation. He thought his stay in the woods would be short-term and because he pitied himself, he did not do much until he was really hungry and in danger. Now, Brian accepts that it may be some time before he leaves the woods. He is starting to adopt a more active and positive attitude and stop complaining about his bad luck. Brian makes efforts to gather food, make fire, and perfect his tools. He's becoming a hunter and gatherer!

Question: What sort of tool would you use to trap or catch fish without a fishing rod?

Summary Chapter 12:

Brian spends many hours perfecting his fish spear, but in the end it fails to help him catch any fish. In need of a way to send the spear into the water, Brian decides to make a bow and arrow. While searching for wood, Brian almost steps on a bird and it flies up in a flurry of feathers. It occurs to Brian to try to catch these birds, slightly smaller than chickens, which he calls "foolbirds." At that moment a plane flies overhead, giving Brian hope that the searchers have come for him. Gesturing and yelling at the top of his lungs, Brian falls into despair and hopelessness when the plane flies past him and away into the horizon. He begins to lose faith that he will ever see his family and friends again, and experiences profound emptiness and loneliness.

Question: What would you do? How would you re-gain hope?

Summary Chapter 13: Brian finally realizes that he may likely stay in the wilderness for a long time, maybe, for the rest of his life.

Question: Do you think Brian needs to find a way to feel happy again? What kind of things would you do to feel some happiness and avoid boredom?
