**The Character of God in the Book of Genesis**, 2001-01-01 By using recent developments in literary theory W Lee Humphreys uses Genesis to show how God functions as a character in the Genesis narrative Very creatively Humphreys explores the coherence and consistency of God as a character the way in which God's character changes and develops throughout the narrative and how giving attention to the character of God enriches our experience of reading Genesis

**Truth, Beauty, and Goodness in Biblical Narratives** Kris Sonek, 2009-05-05 A modern reader studying biblical narratives encounters various literary approaches and ways of understanding interpretive concepts Hence an attempt to put forward a comprehensive hermeneutical model of reading biblical narratives Such a model should aim at a synthesis of various approaches and show how they are interrelated The book proposes a hermeneutical theory which uses modern approaches to literary texts for the exegesis of biblical narratives The book discusses three spheres of the reader's knowledge about reality immanent narrative and transcendental The move from immanent to transcendental knowledge through the mediation of narrative knowledge results from the mediatory role played by the biblical text which refers the reader to a transcendent reality This theory is then applied to the exegesis of Genesis 21 1 21 and involves the evaluation of the New Criticism rhetorical criticism structuralism and narrative analysis reader response criticism the historical critical method as well as deconstruction In order to satisfy the postulate of pluralism in interpretation the hermeneutical theory draws upon a variety of ancient and modern sources such as Aristotle T S Eliot Hans Urs von Balthasar and Paul Ricoeur

**Genesis 12-36** Claus Westermann, 1985 Dramatic Encounters in the Bible M. E. Andrew, 2013-07-31 This book began when the author realised that when people said they were fascinated by particular biblical passages they were usually ones that presented dramatic encounters between people and between God and people Such are the passages interpreted in this book They usually set a vivid scene that heightens the dramatic nature of the encounter and animated dialogue often directly addresses the reader There is also animated action that is vividly striking and often sudden and unexpected These features involve the readers themselves and may question them about what they expect Indeed the dramatic encounters provocatively lead to unexpected new life in the future

*How God Forms Abraham to Be a Blessing* Qiang Fu, 2023-02-22 This book aims to understand God's interactions with Abraham in relation to God's command that Abraham be a blessing Gen 12 2d which is directly tied to God's goal that in you all the families of the earth will be blessed Gen 12 3b The book proposes a formative narrative approach to examine interactions between character and plot the movement of plot and the connection between sequential plots An analysis of thirteen Abrahamic narratives Gen 12 22 suggests a classification based on four different types of interactions between God and Abraham which indicate how

cooperation and conflict between God and Abraham advance the narrative's plot. The book then proposes a narrative discourse analysis to examine how Abraham evolved through different stages of the narrative by moving from deviation to cooperation. Detailed analysis of this transformation process reveals three turning points in Abraham's life. The formative narrative approach and narrative discourse analysis proposed in this book can contribute to the analysis of two important aspects of Old Testament narratives: the formation of plot and the cause and effect structure in narrative discourse.

*Abraham in the Old Testament and Early Judaism* John Eifion Morgan-Wynne, 2020-04-23 In this book John Morgan Wynne carefully examines the pivotal figure of Abraham in the Old Testament and Early Judaism. Our earliest literary evidence concerning Abraham is the stream of tradition known as J, the so-called Yahwist source, ca. tenth century BCE, and also the Elohist stream of tradition, ninth to eighth century or perhaps earlier. The subsequent eclipse of the Abrahamic tradition in the south is probably accounted for by the stress on the Davidic monarchy. However, Abraham's profile begins to rise again during and after the Babylonian exile when Jewish theologians had to come to terms with the traumatic events of the fall of the northern and southern kingdoms. He is frequently discussed in many non-canonical early Jewish writings as he became a figure of identification, a pre-eminently righteous man, and an example to imitate as Jews came to terms with being a subject people and with persecution.
