Gosh Wow:

Spinning Wheels Frank Buxton,2012-08-23 This story opens in the early nineteen sixties at a fictional isolated Catholic Convent in North Wales Devout Christians and Catholics in particular will find this book to be a very challenging read At appropriate points the debilitating effect of loneliness is sympathetically portrayed and an argument against committing suicide is also presented As the story gently unfolds the foundations arrogant tribal marking and the power of all organised religions are considered Calmly and peacefully then love Thy neighbour as Thyself is happily acknowledged as the only sensible way of ensuring the survival of the Human Race Weaving around this main theme are several honest decent if rather robust love stories These quickly lead to discussion and consideration of further ideas about life and death good and evil order and chaos Kirkus reviews An engaging tale The story is strong and the erotica is nicely balanced by the humanity of the characters
