Geeta Enlightened Yogi Mahajan,1987-06-30 The revelation of timeless spiritual message of Lord Krishna is dramatically set in a battlefield though it happened to be the only place where such a message had its poignance Through its brilliant casting and superb plots the subtle difference between the ego and the spirit between myth and reality becomes apparent Thus the Geeta is a prenote to facilitate the seeker to recognize truth from untruth It directs the Spirit s ascent through winding mind alleys of conditioning concepts and projections into the threshold of Absolute Truth Rejecting the path of self torture or escapism it suggests the Divine union in the market place even in the mundane task of household chores In the new light thrown by Sri Mataji Nirmala Devi on the subject Yogi Mahajan gathers the dried up leaves of the text so far buried under the weight of priesthood and brings them back to life for the seeker of Truth **Gita Enlightened** Yogi Mahajan,2014-02-03 The Gita is for all seekers of truth to help them recognize truth from untruth It directs the Spirit s ascent through winding mind alleys of conditioning concepts and projections into the threshold of Absolute Truth In the light thrown by Shri Mataji Nirmala Devi on the subject Yogi Mahajan gathers the dried up leaves of the text so far buried under the weight of priesthood and brings them back to life for the seeker of Truth *The Face of God* Yogi Mahajan,1999-01-01 Biography of Nirmala Devi b 1923 Hindu religious leader **The Philosophy of the Bhagavad Gita** Ramesh Chandra Pradhan,2025-10-06 This book delves into the moral and metaphysical foundations of the philosophy of the Bhagavad Gita into two parts Part one explores the moral philosophy of the Bhagavad Gita Gita detailing the structure of moral actions the nature of moral agency and the primacy of free will within a universe governed by eternal divine laws The second part of this book examines the divine order of the universe explaining the nature of the supreme Godhead that orchestrates the cosmos according to fixed moral laws or dharma Unlike traditional commentaries this book offers an analytical study of Gita s core moral and metaphysical concepts It elucidates why moral agents must detach from their actions and surrender their ego and agency to Godhead viewing their actions as offerings or yajna It provides a roadmap for overcoming temporal struggles to attain the timeless reality of the Divine Presenting the Gita as an open ended philosophical text this book addresses how ordinary individuals can lead morally enlightened and spiritually fulfilled lives *The Bhagavad Gita and Inner Transformation* Naina Lepes,2008-01-01 This contemporary companion to the Bhagavad Gita addresses the heart of human yearning T offers the possibility of transforming the battle of life into a path to Truth a living process Each chapter presents a road toward our inner universal Self bringing a deeper and wider perspective along the way A psychological orientation invites the reader to move from abstract idea to individual insight As the book proceeds the relationship between the personal and the eternal gradually unfolds in an ever expanding process of self discovery Quotes from the great teachers are included in the text to inspire uplift and help us cross over the sea of illusion *Foregleams of God* Tambi-Pillai Isaac Tambyah,1925 **Prāci-jyotī** ,1989 *Prācī-jyoti* ,1988 The Astrological Magazine ,1991 Man K. L. Bhowmik,1987

In the course of about a generation of experience of planning in India development strategies pursued at the National or State level have neither achieved growth with equity nor effectively succeeded in tackling the problems of poverty and unemployment. In 1975 the State Planning Board of West Bengal adopted the strategy of Comprehensive Area Development which was regarded as something of a breakthrough. In the present book Dr Asok Kumar Maiti who has long association with Rural Bengal and various social organisations and Development and Training Institutes presents his field investigation carried out in early 1980 after the adoption of Comprehensive Area Development Strategy. The impact of measure adopted under the scheme has been subjected to empirical tests with micro level data. The major findings of the study underscore the growth of productive forces and changes in the relations of production within the village community and also point out both the strength and weakness of the development Agency in the Area.
