- 1 Affectionate and Social Nature Gerbils are renowned for having an outgoing and gregarious personality They get along well with their owners and like spending time with them Gerbils can be easily handled with the right care and are often less likely to bite than some other small pets

- 4 Long Lifespan Gerbils have an average lifespan of 24 years when given the right care Because of their long lifespan owners are able to form enduring relationships with their pets and spend a considerable amount of time with them
- 5 Educational Value For kids in particular gerbils can be educationally stimulating pets They offer exciting hands on chances to learn about the natural environment animal behavior and responsibility through pet care
- 6 Adaptability Gerbils can adapt to a wide range of living situations which makes them appropriate for a variety of habitats and houses They do best in large enclosures with lots of enrichment possibilities but with the right care they may even adapt rather well to apartment living
