Esp Extrasensory Perception:

What Is ESP? Explicating the content of ESP & Exploring 7 Types of Extrasensory Perception. Dr. Hakim Saboowala, 2020-09-15 What Is ESP Explicating the content of ESP 2 Clairvoyance or supernormal awareness of objects or events not necessarily known to others and 3 Precognition or knowledge of the future 4 Retrocognition is the opposite of precognition 5 Psychokinesis or Telekinesis 6 Mediumship ability to communicate with the dead by channeling their spirits 7 Remote viewing an anomalous cognition or second sight Scientific investigation of these and similar phenomena dates from the late 19th century with most supporting evidence coming from experiments involving card guessing Subjects attempt to guess correctly the symbols of cards hidden from their view under controlled conditions a better than chance percentage of correct calls on a statistically significant number of trials is considered to be evidence of ESP Although many scientists continue to doubt the existence of ESP people who claim this ability are sometimes used by investigative teams searching for missing persons or things Whatever this extrasensory perception is it seems to not be bound to limits of time and space And it seems to take on several different shapes and forms from manipulating physical objects to knowing the thoughts of others to seeing into the future Thus an attempt has been made in this Booklet to explicate the contents of ESP along with each of these 7 different types of ESP for the enthusiastic Medicos Dr H K Saboowala M B Bom M R S H London **Extrasensory Perception** Gertrude Schmeidler, 2017-07-12 If extrasensory perception is a common human ability why can't we all score high on ESP tests This book answers the question by describing psychological determinants of success and failure in extrasensory perception Some of the most significant points raised in the editor's enlightening introduction are developed in greater detail in the nine essays that follow all of them important statements giving a clear picture of research into ESP and the debate that surrounds it Each essay is followed by a comment relating the essay to the field as a whole In essays on the debate about ESP an attack by C E M Hansel is followed by a rebuttal by J B Rhine and J G Pratt offering the reader insight into the peculiar tension surrounding the ESP controversy The book also includes a balanced overview of problems in the field by J C Crumbaugh and six other essays on the psychological factors that influence research on ESP Controversy over ESP is of special interest also because the questions critics raise relate closely to problems within psychology itself In addition the essays reflect a quality common to much research the excitement of uncovering results that advance our knowledge This book is intended for supplementary course use Because of the fundamental problems it addresses it also offers richly rewarding reading for all teaching and practicing psychologists as well as for the interested generalist A substantial number of research reports are cited throughout so that any reader seeking further information will find the cited references invaluable **ESP** Michael Martin, 2006 Describes the history studies and search for the causes of ESP [ESP Extrasensory Perception](#) Simeon Edmonds, 1965 **E.S.P. Extra Sensory Perception** Joseph Banks Rhine, 2012-07-10 This is the original account of the basic experiments in parapsychology at Duke University out of which came the phrase extra

sensory perception that now appears in all dictionaries We originally published it in association with the Boston Society for Psychic Research but it has been out of print for some years The Foreword by William McDougall author of Introduction to Social Psychology and the Introduction by Walter Franklin Prince who was Research Officer for the Boston Society for Psychic Research as well as all the illustrations have been retained but Dr Rhine has brought the book up to date and written a new Introduction especially for this edition The book remains as Waldemar Kaempffert said originally in the New York Times A report that gives an account of the most important study ever made in what is known as telepathy mindreading and clairvoyance
