a unique and amazing journey into the minds of the extraordinary men and women who write fantasy and science fiction Here in one handsome volume are the best of Charles Platt s celebrated and quirky interviews with the leading sf writers of Britain and America Who are the people who write these enormously popular books How do they live what do they think and what makes them so special To find the answers to these questions Charles Platt traveled the USA from coast to coast and then England visiting the authors in their homes and drawing out their innermost thoughts and aspirations in a wittily revealing series of interviews His approach is far from adulatory however and there are many sharp exchanges and pertinent asides in the course of these fascinating conversations making for compulsive reading Now these profiles are published for the first time in hardcover with new material added and an afterword bringing it right up to date Yacht Were You Thinking? Jonathan Eyers,2017-08-24 Naming a boat is as personal as naming a baby even if few male skippers would risk telling the wife that The culmination of many years of dreaming and penny pinching the purchase of a boat of any size is a huge event for any sailor and with that comes serious naming pressure Many boatowners have a secret fear that someone else got their brilliantly original name first or ruined it forever by reducing its reputation to snigger worthy opprobrium Sometimes it s so difficult to name a boat that skippers are desperate enough to ask the sorts of people who think Boaty McBoatface would be a good choice The perfect gift for any skipper or would be skipper and featuring hundreds of common and uncommon names this entertaining little book will answer perhaps the most important question new owners should ask themselves what will this name say about me And as everyone knows once you ve named a boat you never ever change it so it also answers the question what is my boat name saying about me right now Names will be categorised and listed alphabetically within these chapters as to Populist helpfully yacht insurers release ranked lists of popular names each year which has revealed some very interesting trends Don t Even Go There they might be uncommon these days but sometimes there s a good reason for that Pun Intended some reveal a classic wit others reveal just how many desperate unfunny dullards there are sailing around in yachts called Seas the Day A Bit of Pedigree good names but probably too classy for you to get away with copying them Common as Muck bad names Moondancer Wave Catcher and others that sound like names from a bad children s novel where they come from why they re bad and how to avoid inventing another Too Much Information why using a boat to celebrate a bonus retirement divorce second wife tends to be a bad idea a few months down the road The Devil s Own don t tempt fate by calling your boat Invincible as the Royal Navy did each time the last one sank exploded plus other superstition violating names With fascinating history a fair bit of psychology and a lot of humour this is the essential guide for all would be boat owners and anyone looking for a dad type gift on Father s Day or Christmas
