Guards the Mountain Alex Kozma,2013 Inspired by the author s personal training experiences this book presents an intimate exploration of the philosophy of some of the rarest martial art forms Encompassing the arts of China Japan and India South East Asia it includes in depth conversations with esteemed Masters such as Dr Serge Augier and Master He Jing Han

The Secret Tradition in Arthurian Legend Gareth Knight,2012 Originally published Wellingborough Aquarian Press 1983

Warrior Dreams John J. Donohue,1994-01-26 This is an analysis of the martial arts as socio cultural and symbolic phenomena As Americans search for a sense of purpose belonging and structure in life they have chosen an Asian cultural tradition and changed it to suit the needs of contemporary American society A brief historical summary of the development of martial arts in Japan sets the scene for the reinterpretation of the role of these arts by American mass media Donohue an anthropologist with a black belt in karate explores the important role that the martial arts play in the American psyche As a means of developing personal power self defense systems are aesthetic and spiritual practices as well as statements of urban paranoia reacting against street violence and life threatening situations Martial arts organizations are seen as symbolic vehicles for enmeshing participants in constellations of actions and philosophies that create a sense of self and community

The Valediction Elizabeth Gould,Paul Fitzgerald,2022-07-04 Afghanistan was an American crusade to win the war against Evil Empire and remake the world in its own image This goes right to the heart of understanding the destiny of the Western Dream Instead of a dream the US has been caught in a nightmare Now Americans long for a spiritual regeneration away from the vision of war as an honorable sacrifice to a vision of peace that serves all No one seems to be able to make the political process move in the right direction We assimilated a profound understanding of how to envision moving from war to peace from our 40 year experience with the Afghan story The Valediction Resurrection combines the esoteric qualities of The Ninth Gate and Field of Dreams as Paul Fitzgerald s mind is opened to the unexplored role that the mysticism of Afghanistan played in drawing him into its vortex That investigation begins with his search into his Fitzgerald family s participation in the 12th century Norman invasion of Ireland The story comes full circle when Paul fulfills his deepest purpose by connecting the land of his Geraldine ancestors to the ground of Afghanistan in a very personal and mystical way It reads like a novel but it

all really happened As we dug into our Fitzgerald family history we discovered the bitter struggle for power within the Anglo Norman deep state that has raged beneath the surface down through the centuries On November 22 1963 Americans were shocked by the public execution of John Fitzgerald Kennedy In the years since every manner of conspiracy theory has been advanced to explain what happened But killing the only Roman Catholic President of the United States on the site of the first Masonic Temple in Dallas on the Masonic day of revenge for the destruction of the Knights Templar November 22 bespeaks a ritual If the assassination could have been an act of retribution for an eight hundred year old vendetta then we all must begin to view history from a more complex perspective In **Research of Martial Arts** Shifu Jonathan Bluestein,2014-07-27

Jonathan Bluestein s *Research of Martial Arts* is a book about the true essence of martial arts It includes neither instruction on deadly killing techniques nor mystical tales of so called super human masters Rather it is a vast compilation of seriously thought out observations made on the subject by the author as well as many other martial artists and scientists with a slight touch of history and humour The goal of this project had from the start been to surpass the current standard in the martial arts literary market and offer readers worldwide something which they have never seen before In essence a book in which are found countless answers for martial arts practitioners which they cannot be read elsewhere which address commonly discussed martially related topics with breadth and depth unparalleled in other works to this day in any language It holds among its pages no less than 220 000 words containing knowledge which would be coveted by many The aim of this book is to present the reader a coherent clear cut and in depth view of some of the most perplexing and controversial subjects in the world of martial arts as well as providing a healthy dose of philosophical outlook on these subjects from various individuals At its core is the author s aspiration to build a stronger theoretical foundation for the discussion of martial arts while addressing matters in innovative ways which I have come to believe would help people to better grasp the nature of these arts There are books by authors who will tell you that some aspects of the martial arts are too complex for concrete coherent and defined explanations Others have used ambiguous terminology to explain what they could not pronounce otherwise This is no such book This book was written to provide you with the solid applicable answers and ideas that you could actually understand and take away with you This book is mainly comprised of three parts Part I From the Inside Out External and Internal Gong Fu This is essentially mostly a very long thorough discussion of martial arts theory and practice Traditional and modern concepts and methods are discussed through the mediums of Physiology Biology Anatomy Psychology Philosophy Western and Oriental alike sports science and the author s personal experiences The Internal Martial Arts of China receive a special lengthier treatment in this part of the book Part II Contemplations on Controlled Violence This one is of a Philosophical and Psychological nature and contains the author s thoughts on the martial arts and their manifestation in our daily lives with guest articles by various martial arts teachers Part III The Wisdom of Martial Spirits Teachers and the Things They Hold Dear This part includes various interesting and comprehensive interviews with distinguished martial arts masters spanning

dozens of pages each Every one of the interviewees is a person whose views and ideas are thought provoking and well worth reading The teachers interviewed in this book are Master Chen Zhonghua Chen Taiji Quan Master Yang Hai Xing Yi Quan Bagua Zhang and Chen Taiji Quan Shifu Strider Clark Tongbei Quan Wu style Taiji Shuai Jiao and more Shifu Neil Ripski Traditional Drunken Fist and many others Sifu James Cama Buddha Hand Wing Chun and Southern Praying Mantis Itzik Cohen Sensei Shito ryu Karate No matter the age rank status or experience this book was written for everyone who see themselves part of the martial arts community It is my sincere hope that any person who reads this book will benefit from the time he or she had spent doing so May this work encourage others to continue intelligent writing and research in the field as I was pushed forth and built upon the knowledge others have shared before me May you have a pleasant reading experience
