

Jazz Music in New Orleans and Its Early Roots

 Exclusively available on IvyPanda

Introduction

Attempting to trace the exact time jazz music was born can be difficult. Despite this, an important piece of information that is available and accurate is that it began in New Orleans. For the majority of people in New Orleans, music was a necessity. Throughout the nineteenth century, diverse racial and ethnic groups such as the Italians, Africans as well as Irish found a shared cause in their love for the art. The 1870s represented the culmination of a century of music production in the city. During this age, the European classical legacy and influences from the European folk and African elements were combined with a popular American mainstream resulting in jazz. Immediately after the start of the twentieth century, the genre started to emerge as part of a broad musical revolution comprising blues, ragtime, marches, and spirituals. The aim of this paper is to examine the early roots of jazz music in New Orleans.

During the next decade, he established a loyal following, entertaining dancers throughout the city² (Bjorn and Jim Gallert 2001). In 1906, he collapsed while continuing a street parade performance³ (Boulard 1988, 53). In 1907 and for the remainder of his life, he was institutionalized at the state sanitarium at Jackson⁴ (Danesi 2022). Dancing had, for a long time, been a mainstay of the city's nightlife, and Bolden's fame was based on his capability to provide dancers with what they desired.

During the nineteenth century, string bands dominated dance work, offering waltzes, polkas, quadrilles, and schottisches to a polite dancing public. By the turn of the century, instrumentation borrowed from bass marching bands and string bands had
