E.,1875 Christ the Key to Bible Knowledge Elliotte Ambrose Tuttle,1905 **The Christian Work and the Evangelist** ,1908 Practical Aspects of Knowledge Management Dimitris Karagiannis,Ulrich Reimer,2005-02-04 This book contains the papers presented at the 5th International Conference on Pr tical Aspects of Knowledge Management organized by the Department of Knowledge Management Institute of Computer Science and Business Informatics University of Vienna The event took place on December 02 03 2004 in Vienna The PAKM

conference series offers a communication forum and meeting ground for practitioners and researchers engaged in developing and deploying advanced business solutions for the management of knowledge and intellectual capital. Contributions pursuing integrated approaches which consider organizational, technological, and cultural issues of knowledge management have been elected for presentation. PAKM is a forum for people to share their views, to exchange ideas, to develop new insights, and to envision completely new kinds of solutions for knowledge management problems. The accepted papers are of high quality and are not too specialized so that the main issues can be understood by someone outside the respective field. This is crucial for an interdisciplinary exchange of ideas. Like its predecessors, PAKM 2004 featured two invited talks. It is a real joy seeing the visibility of the conference increase and noting that knowledge management researchers and practitioners from all over the world submitted papers. This year 163 papers and case studies were submitted, from which 48 were accepted.
