Heloise A Biography:

Héloïse Enid McLeod, 1938 *Heloise and Abelard* James Burge, 2006-04-01 The heart rending love story of Abelard Heloise in the Middle Ages is one of the greatest love stories of all time famous through the letters they sent each other For a long time the only letters known to have survived dated from the later period of their separation Then a few years ago 113 new letters between the pair were found These fresh missives provide an intriguing snapshot of the couple s clandestine passion that is erotic poignant This new book results in a more complex biography one that paints a fuller picture of Heloise as a woman who tested the cultural constraints of her time Addresses Abelard s theological disputes with other teachers including Bernard of Clairvaux which led to Abelard s eventual trial for heresy Illus **Heloise & Abelard** James Burge, 2003 In this compelling biography newly discovered letters from Heloise to Abelard shed fresh light onto one of the most famous romances in history **Heloise and Abelard** Régine Pernoud, 1973 Reconstructs the course of their relationship from the correspondence that passed between them *Mary Hays's 'Female Biography'* Mary Spongberg, Gina Luria Walker, 2020-06-04 The essays included in Mary Hays s *Female Biography* Collective Biography as Enlightenment Feminism emerge from the authors collaboration in producing the first modern edition of Hays s work in the Chawton House Library Edition 2013 2014 This book explores Hays s larger ambitions to lay the foundation for an encyclopaedic work by for and about women The scholars contributions to this volume engage with some of the multiple problems and possibilities that *Female Biography* presented Drawing on this effort individual scholars examine Hays s attempts to correct existing masculinist constructs which framed the universe of knowledge then and persist in our time Hays perceived that these had the cumulative effect of rendering women invisible She responded to such absence by providing examples of the extent of female worth across Western society Other contributions focus specifically on the subjects of Hays s entries looking at how she used source material and laid the groundwork for future biographical studies of women s lives Both *Female Biography* and Hays herself have continually presented difficulties in categorization not quite Enlightenment not quite Victorian either This book recontextualizes her work demonstrating the radicalism and originality of her feminism even in its post Wollstonecraftian phase as well as the longevity of her influence As such it will be of interest to those conducting research into Hays her subjects and the evolution of life writing by women This book was originally published as a special issue of *Women s Writing* *Biography of Distinguished Women* Sarah Josepha Buell Hale, 1876 **The Oxford History of Life-Writing: Volume 1. The Middle Ages** Karen A. Winstead, 2018-04-05 *The Oxford History of Life Writing* Volume 1 *The Middle Ages* explores the richness and variety of life writing from late Antiquity to the threshold of the Renaissance During the Middle Ages writers from Bede to Chaucer were thinking about life and experimenting with ways to translate lives their own and others into literature Their subjects included career religious saints celebrities visionaries pilgrims princes philosophers poets and even a few ordinary people They relay life stories not only in chronological narratives but also in

debates dialogues visions and letters Many medieval biographers relied on the reader's trust in their authority but some espoused standards of evidence that seem distinctly modern drawing on reliable written sources interviewing eyewitnesses and cross checking their facts wherever possible Others still professed allegiance to evidence but nonetheless freely embellished and invented not only events and dialogue but the sources to support them The first book devoted to life writing in medieval England The Oxford History of Life Writing Volume 1 The Middle Ages covers major life stories in Old and Middle English Latin and French along with such Continental classics as the letters of Abelard and Heloise and the autobiographical Vision of Christine de Pizan In addition to the life stories of historical figures it treats accounts of fictional heroes from Beowulf to King Arthur to Queen Katherine of Alexandria which show medieval authors experimenting with adapting and expanding the conventions of life writing Though Medieval life writings can be challenging to read we encounter in them the antecedents of many of our own diverse biographical forms tabloid lives literary lives brief lives revisionist lives lives of political figures memoirs fictional lives and psychologically oriented accounts that register the inner lives of their subjects

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

The Oxford History of Life-writing Karen Anne Winstead, Alan Stewart, 2018 The Oxford History of Life Writing consolidates recent academic research and debate to provide a multi volume history of life writing Each volume provides a selective survey of the range of life writing in a given period with particular focus on the most important or influential authors and works within the genre VOLUME 1 The Middle Ages explores the richness and variety of life writing in the Middle Ages ranging from Anglo Latin lives of

missionaries prelates and princes to high medieval lives of scholars and visionaries to late medieval lives of authors and laypeople VOLUME 2 Early modern explores life writing in England between 1500 and 1700 and argues that this was a period which saw remarkable innovations in biography autobiography and diary keeping that laid the foundations for our modern life writing Appleton's Cyclopaedia of Biography Francis Lister Hawks,1872 *Héloïse* Enid McLeod,1971 *A Dictionary of General Biography* William Leist Readwin Cates,1875 Herringshaw's National Library of American Biography Thomas William Herringshaw,1914 *Universal Pronouncing Dictionary of Biography and Mythology* Joseph Thomas,1877 **Appletons' Cyclopædia of Biography** Elihu Rich,1873 Constructions of Feminine Identity in the Catholic Tradition Christopher M. Flavin,2020-01-08 *Constructions of Feminine Identity in the Catholic Tradition* examines the ways in which late classical medieval women s writings serve as a means of emphasizing both faith and social identity within a distinctly Christian and later Catholic tradition which remains a major part of the understanding of faith and the self Flavin focuses on key texts from the lives of desert saints and the Passio Perpetua to the autobiographies of Counter Reformation women like Teresa of Avila to illustrate the connections between the self and the divine *Current Biography Yearbook* ,1996 Listening To Heloise NA NA,2016-04-30 Heloise the twelfth century French abbess and reformer emerges from this book as one of history s most extraordinary women a thinker writer of profound insight and skill Her supple and learned mind attracted the most radical philosopher of her time Peter Abelard He became her teacher lover husband and finally monastic ally That relationship has made her fame until now But Heloise is far more important in her own right Seventeen experts of international standing collaborate here to reveal and analyze how Heloise s daring achievements shaped normative issues of theology rhetoric rational argument gender and emotional authenticity At last we are able to see her for herself in her moment of history and human awareness **Classified Catalogue of the Carnegie Library of Pittsburgh ...** Carnegie Library of Pittsburgh,1907 *Universal Pronouncing Dictionary of Biography and Mythology: Aa to Her* Joseph Thomas,1901
