The Christian Frame of Mind Thomas F. Torrance,2015-08-25 The Christian Frame of Mind Reason Order and Openness in Theology and Natural Science is an exhilarating exploration by one of this century's premier theologians of the relationship between science and theology This collection of essays which focuses on themes central to Thomas F Torrance's lifelong work of integrating Judea Christian theology and natural science illuminates the distinctive contribution of the Christian frame of mind to human life and thought particularly in the rise of modern science Arguing to close the gap between theological and natural science erroneously opened by the narrow minded rationalism of the Enlightenment Dr Torrance builds upon the work of scientists such as James Clerk Maxwell Albert Einstein and Michael Polanyi in promoting dialogue between the two disciplines The resultant conversation is a brilliant and stirring analysis of common ground in scientific and theological inquiry Torrance discards a dualist separation for a unitary understanding of reality in which the invisible guides the interpretation of the visible as scientist and theologian alike adopt self critical openness and the auditive mode of inquiry in response to the pressing questions of their task Dr Torrance urges this unitary understanding of the intelligibility of the universe as a shared goal of science and theology His vision of a foundational convergence between them where the boundary points of contingent reality find their reference in the transcendent uncreated reality of the Word of God is breathtaking in beauty and scope The introduction by Dr W Jim Neidhardt physics professor at the New Jersey Institute of Technology provides a lucid summary of key themes in Torrance's lifelong integrative work *The West Virginia School Journal* ,1911 *General Methods of Teaching in Elementary Schools Including the Kindergarten and Grades I to VI* Samuel Chester Parker,1922 **Barnaby Rudge, Master Humphrey's clock, and The mystery of Edwin Drood** Charles Dickens,1894 **Library of the World's Best Literature, Ancient and Modern: A-Z** Charles Dudley Warner,Hamilton Wright Mabie,Lucia Isabella Gilbert Runkle,George H.
