

A futuristic illustration of a brain with glowing nodes and connections, surrounded by books and a tablet, symbolizing knowledge representation and reasoning. The brain is the central focus, rendered in a wireframe style with blue and purple lights. It is set against a dark background with glowing circuit lines and a grid of light points. To the left, two books are shown in a 3D perspective. To the right, a tablet displays a list of items. At the bottom, an open book is visible, with light rays emanating from it towards the brain. The overall aesthetic is high-tech and digital.
