Essential Gay Mystics:

The Essential Gay Mystics Andrew Harvey, 1998 Books about homosexuality and religion have traditionally attempted to reconcile sin with a modern understanding of sexuality Andrew Harvey's The Essential Gay Mystics however is predicated on the assumption that sin and sex don't need to be reconciled and that gay sexuality is innately spiritual Excerpting passages from 60 gay and lesbian writers covering 20 centuries and at least a dozen traditions including classical Greek Native American Sufic and Christian Harvey explores a variety of religious and sexual experiences His extensive research empathetic perspective and compelling grasp of spirituality make this book not only unique but also vital to an understanding of contemporary theology and religion Essential Gay Mystics Ramboro Books, 1999-11 **A Special Illumination** Rollan McCleary, 2017-07-28 Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles **A Special Illumination** offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion **Radical Passion** Andrew Harvey, 2012-10-23 This culmination of award winning author Andrew Harvey's life's work bridges the great divide between spiritual resignation and engaged spiritual activism A manifesto for the transformation of the world through the fusion of deep mystical peace with the clarity of radical wisdom it is a wake up call to put love and compassion to urgent focused action According to Harvey we are in a massive global crisis reflected by a mass media addicted to violence and trivialization at a moment when what the world actually needs is profound inspiration a return to the heart centered way of the Divine Feminine the words of the mystics throughout the ages and the cultivation of the nonviolent philosophies of Gandhi Nelson Mandela Aung San Suu Kyi and the Dalai Lama Harvey's concepts of radical passion and sacred activism fly in the face of restraint of pessimism of denial of all that is inhumane fusing the mystic's passion for God with the activist's passion for justice and for healing the division between heaven and earth heart and will body and soul prayer and action Sacred activism asks that we engage deeply on a personal spiritual and political level so as to become a fully empowered fully active and contemplative humanity that can turn tragedy into grace and desolation into the opportunity to build and co create a new world Unlike many spiritual books **Radical Passion** does not veil the dark with artificial hope It explores the catastrophes of our current times and celebrates the ecstatic hope and divinity that is possible right now and in the future *Q21C* John Argus, Stephen Cox, 1999 **Rumi** Franklin Lewis, 2000 This is a definitive guide to the life and work of Jall al Din Rumi Franklin D Lewis's text considers not just the man but also his times his legacy and his role in a changing world One Taste Ken Wilber, 1999 As one who has written extensively about the interior life meditation and psychotherapy Ken Wilber

Sun at Midnight Andrew Harvey,2002 As the motor s vibrations cradled me I tried to envision my life I saw the red lines of highways on the map stretched between cities like threads of torn cloth I imagined a book that could hold it all together plains and mountain ranges dust drab towns beyond interstates and somewhere on the far edges the valley in British Columbia and those nights in Virginia when I snuck out and stalked the highway trying to fathom where I belonged on this threadbare continent As a child growing up in rural British Columbia Deni B chard had no idea that his family was extraordinary With a father prone to racing trains and brawling and a mother with interest in health food and the otherworldly Deni finds pleasure in typical boyish activities fishing for salmon with his father and reading with his mother Assigned to complete a family tree in school Deni begins to wonder why he doesn t know more about his father s side of the family His mother is from Pittsburgh and there is a vague sense that his father is from Quebec but why the mystery When his mother leaves Deni s father and decamps with her three children to Virginia his curiosity only grows Who is this man why do the police seem so interested in him and why is his mother so afraid of him And when his mother begrudgingly tells Deni that his father was once a bank robber his imagination is set on fire Boyish rebelliousness soon gives way to fantasies of a life of crime and a deep drive for experience leads him to a number of adventures hitching to Memphis and stealing a motorcyc fighting classmates and kissing girls Before long young Deni is imagining himself as a character in one of his father s stories or in the novels he devours greedily At once attracted and repelled Deni can t escape the sense that his father s life holds the key to understanding himself and to making sense of his own passions aversions and motivations Eventually he moves back to British Columbia only to find himself snared in the controlling impulses of his mysterious father and increasingly obsessed by his father s own muted recollections of the Quebecois childhood he d fled long ago At once an extraordinary family story and a highly unconventional portrait of the artist as a young man Cures for Hunger is a singular deeply affecting memoir by one of the most acclaimed young writers in the world today
