**Strategic Relations Between the US and Turkey 1979-2000** Ekavi Athanassopoulou,2014-07-11 Taking the period from the end of the 1970s to the end of the 1990s this book critically examines the evolution of the strategic relationship between the US and Turkey during this period with a particular focus on the Middle Eastern context Strategic Relations Between the US and Turkey employs interviews with US Turkish and Israeli officials and archival research in order to offer an alternative reading of the realities that shaped bilateral co operation through multi level analysis The unraveling of these realities enlightens the reader about the past course of events but also aids the understanding of the dynamics of the relationship today Essential reading for students and scholars of U S and Turkish foreign policy this study of co operation between a super power and a relatively weak state in the international system will also be of use to those interested in International Relations Diplomatic History and World Politics more broadly Turkish Foreign Policy Since 1774 William M.
