foundation he has thus laid until he becomes a skilled practitioner of the art of advertising A discussion of the more advanced problems of advertising is purposely omitted as such problems have no place in a work of this kind Some of the important topics taken up are only briefly touched upon for lack of space Students who desire further information can find it in the books listed in the last chapter The author has been guided in the selection of material by his experience as an instructor in advertising and has endeavored to arrange the topics in such a manner that the reader is led from one subject to another in logical order so that when he has completed the course he will have acquired a definite amount of correlated information that will be of great service to him in his future work About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
