## **Educating For Life:**

**Education for Life** J. Donald Walters, 1997-06-15 Here is a constructive alternative to modern education The author stresses spiritual values and helping children grow toward full maturity learning not only facts but also innovative principles for better living This book is the basis for the Living Wisdom schools and the Education for Life Foundation which trains teachers parents and educators Encouraging parents and educators to see children through their soul qualities this unique system promises to be a much needed breath of fresh air

**Life and Moral Education in Greater China** John Chi-Kin Lee, Stephen Yam-wing Yip, Raymond Ho-Man Kong, 2021-03-29 Arguing for life moral and values education as a bedrock for the original goals of school education this monograph explores how life and values education is conceptualised and imparted in Greater China Under a globalized transnational and technological world where there has been an increase in people's mobility in information and cultural exchanges there is also a growing emphasis on personal and professional ethics Against this context life moral and values education has gained attention for its impact on shaping students characters as future citizens However the cultivation of these values is made deeply diversified and complex by varying interpretations of life education and values education across societies given that different societies are influenced by different socio cultural traditions educational ideologies and religious beliefs The means and approaches towards life education also vary vastly from formal school subjects school based programmes as well as teachers and peers role modelling community services extra curricular activities school discipline charity work pastoral care and school ethos Recognising this inherent diversity and complexity in the approach to and the dissemination of life education the contributors to this volume survey the practice of life education in Greater China so far suggesting that life education is most effective when it is diversified dynamic and developmental across contexts This book will provide the opportunity for engaging in important and serious debates about the future and the values that will underpin it and will prove of special interest to scholars and practitioners working on education policies curriculum development and teacher education in Greater China

**Education** Henry Holman, 1896

*Education for Life* Kari Kairamo, 1989 Education for Life A European Strategy critiques the educational system in European countries and offers suggestions for its improvement as well as solutions for its problems The book is divided into six parts Part I deals with topics such as the revitalization of education the cooperation of industry and education and the training of some companies Part II is concerned with the present trends major issues the thrust of positive action and industry involvement in the education of the youth Part III talks about the higher education in Europe its comparison with other educational systems

**Teaching Life** Armand Doucet, 2019-05-02 In this engaging book Armand Doucet a globally respected and recognized teacher provides a clear roadmap for championing classroom focused change in a technology advanced society Teaching Life brings the voices of teachers into the global conversation about educational reform to offer a how to for implementing into classrooms design thinking technology integration and a holistic education based on

competencies social emotional learning and the literacies With the innovative ideas in this book educators can create a foundation for sustainable honest transparent leadership and work toward building a true community of local and global learning
