

STUDY GUIDE ANSWER KEY

MODERN BIOLOGY

A detailed illustration of two owls perched on a branch. The owl in the foreground is shown in profile, looking towards the right. It has dark, mottled feathers on its head and back, with prominent red eyes. Its wings are spread out, showing intricate patterns of brown and tan feathers. The second owl is positioned behind the first, partially obscured, and also has its wings spread. The background is dark, making the detailed feathers of the owls stand out.
