**Why I Can't Read Wallace Stegner and Other Essays** Elizabeth Cook-Lynn, 1996-09-01 This provocative collection of essays reveals the passionate voice of a Native American feminist intellectual Elizabeth Cook Lynn a poet and literary scholar grapples with issues she encountered as a Native American in academia She asks questions of critical importance to tribal people who is telling their stories where does cultural authority lie and most important how is it possible to develop an authentic tribal literary voice within the academic community In the title essay Why I Can t Read Wallace Stegner Cook Lynn objects to Stegner s portrayal of the American West in his fiction contending that no other author has been more successful in serving the interests of the nation s fantasy about itself When Stegner writes that Western history sort of stopped at 1890 and when he claims the American West as his native land Cook Lynn argues he negates the whole past present and future of the native peoples of the continent Her other essays include discussion of such Native American writers as Michael Dorris Ray Young Bear and N Scott Momaday the importance of a tribal voice in academia the risks to American Indian women in current law practices the future of Indian Nationalism and the defense of the land Cook Lynn emphasizes that her essays move beyond the narrowly autobiographical not just about gender and power not just focused on multiculturalism and diversity but are about intellectual and political issues that engage readers and writers in Native American studies Studying the Indian Cook Lynn reminds us is not just an academic exercise but a matter of survival for the lifeways of tribal peoples Her goal in these essays is to open conversations that can make tribal life and academic life more responsive to one another

**Fantasies of the Master Race** Ward Churchill, 1998 Chosen an Outstanding Book on the Subject of Human Rights in the United States by the Gustavus Myers Center for the Study of Human Rights In this volume of incisive essays Ward Churchill looks at representations of American Indians in literature and film delineating a history of cultural propaganda that has served to support the continued colonization of Native America During each phase of the genocide of American Indians the media has played a critical role in creating easily digestible stereotypes of Indians for popular consumption Literature about Indians was first written and published in order to provoke and sanctify warfare against them Later the focus changed to enlisting public support for civilizing the savages stripping them of their culture and assimilating them into the dominant society Now in the final stages of cultural genocide it is the appropriation and stereotyping of Native culture that establishes control over knowledge and truth The primary means by which this is accomplished is through the powerful publishing and film industries Whether they are the tragically doomed noble savages walking into the sunset of *Dances With Wolves* or Carlos Castaneda s *Don Juan* the exotic mythical Indians constitute no threat to the established order Literature and art crafted by the dominant culture are an insidious political force disinforming people who might otherwise develop a clearer
