## Germany Since 1945:

**Germany Since 1945** Peter C. Caldwell, Karrin Hanshew, 2018-08-09 Peter C Caldwell and Karrin Hanshew's *Germany Since 1945* traces the social political and cultural history of Germany from the end of the Second World War right up to the present day. The book provides a narrative that not only explores the histories of East and West Germany in their international contexts but one that also takes the significantly different world of the Berlin Republic seriously analyzing it as a distinct and significant period of German history in its own right. Split into three parts roughly devoted to a quarter century each, this book guides students through contemporary Germany from the catastrophe of war, genocide and the country's division to the very different challenges facing the reunified Germany of the 21st century. There are key primary source excerpts integrated throughout the text as well as 32 images, numerous maps, charts and tables and a detailed bibliography to further aid study. The book is complemented by online resources which include sample syllabi and a pedagogical supplement. *Germany Since 1945* underscores both the particularities of German history and the international trends and transactions that shaped it, giving good coverage to key aspects of post 1945 German society and politics including East and West German paths to reconstruction, the development of consumer society and the welfare state, the politics of memory and coming to terms with the Nazi past, the Cold War, New social and political movements that opposed the postwar status, Immigration and the move toward a multicultural society. This is an essential text for any student of contemporary German history.

*Germany since 1945* Pól Ó Dochartaigh, 2019-10-10 Since its crushing military defeat in 1945, Germany has faced occupation and division, economic success amidst Cold War bitterness, the rise and spectacular fall of the Berlin Wall and now more than a decade as a country united for only the second time in its history. It has become a slumbering economic superpower at the heart of the drive towards European unity while divisions between east and west remain among its own people. *Germany since 1945* Offers a comprehensive introduction to every stage in Germany's political, social and economic development from 1945 right up to the present day. Examines in depth both German states, their differences and their similarities as well as the period of occupation 1945-49 and the year of unification 1989-90. Concludes with the first short survey in English of more than a decade of post unification Germany covering the period right up to the Iraq crisis in spring 2003.

*Longman Companion to Germany Since 1945* Adrian Webb, 2014-09-09 This new Companion provides a wealth of information on the history of Germany since the Second World War including much material which is not readily available. Throughout equal attention is devoted to East and West Germany and covers political, social, cultural and economic developments. The author provides information on, for example, political parties and office holders, living standards, crime and the environment, Germany's relationship with the European Union and East Germany up to 1990. Attention is also devoted to topical issues such as opposition and dissent in the East, terrorism, neo nazism and racial violence. An essential reference book for anyone studying or teaching postwar Germany in history or politics departments. [No Better Friend?](#) Peter

Sparding,2024-11-18 The German American relationship is the decisive transatlantic dynamic of our time Long seen as one of the most stable connections between Europe and America thanks to its well defined Cold War structure and hierarchy relations between Washington and Berlin have become much more volatile in the twenty first century and are playing an increasingly pivotal role in determining the degree to which Europe and the United States will be able to shape a rapidly changing world order Stabilising this uniquely complicated relationship will be no easy feat At times more closely aligned politically and more intertwined economically than any other transatlantic pair since the end of the Cold War these republics have seen their relations characterised by frequent diplomatic cultural and philosophical clashes and misunderstandings and a trail of disappointed expectations Peter Sparding examines the long history between the two countries and their peoples the narratives and perceptions harboured by each nation concerning the other and the evolution of diplomatic economic and security ties Appraising the complicated interplay between Germany and the United States vis vis a rising China and the domestic challenges facing both countries his book offers an outlook on how this all important relationship might function going forward

*The Federal Republic of Germany since 1949* Klaus Larres,Panikos Panayi,2014-08-27 Today the problems of reunification seem to feature more often in the international spotlight than the benefits This timely volume offers a reassessment of Germany s postwar development from its inception through to reunification including a thorough examination of the implications for economic political and social policies The impressive team of contributors include leading names in the history of modern Germany together with some of the ablest younger scholars in the field They are Hartmut Berghoff David Childs Immanuel Geiss Graham Hallett Klaus Larres Terry McNeill Torsten Opelland Richard Overy Stephen Padgett Panikos Panayi and Mathias Siekmeier

Germany Since 1945 Lothar Kettenacker,1997 Defeat and unconditional surrender these were the foundations on which post war Germany was built The overall impact however was not apathy but a mentality which was down to earth pragmatic and forward looking Democracy economic liberalism and European integration were the signposts to the future Even though the old ruling elite with their power base in the agrarian East had been swept away by the end of the war the social and industrial fabric of Germany society did not crumble altogether Crucial structures survived and contributed to West Germany s phenomenal recovery while the East was forced to submit to a ruthless Soviet leadership Now however following the collapse of the Berlin Wall the aftermath of German reunification will be long and painful for never have two economies and societies been fused together which had grown as far apart as West and East Germany Lothar Kettenacker s book offers a fascinating survey of the fortunes and features of East and West Germany how the two states drifted apart the differences between their economies politics and cultures and the problems and events surrounding their unification

*The History of Modern Germany Since 1945* Bruce Walabbi,2019-08-18 the history of modern germany since 1945

**Germany and the United States** Frank A. Ninkovich,1988-01-01 The Routledge Companion to Modern European History since 1763 Chris Cook,John Stevenson,2004-11-10 The Routledge Companion to

Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history *The Routledge Companion to World History since 1914* Chris Cook, John Stevenson, 2006-01-27 The Routledge Companion to World History since 1914 is an outstanding compendium of facts and figures on World History Fully up to date reliable and clear this volume is the indispensable source of information on a thorough range of topics such as the Arab Israeli conflict anti semitism and the Holocaust all the world s major famines and natural disasters since 1914 whether all countries of the world have a king president prime minister or other governance GNP of the world s major states year by year biographies of key figures civil rights movements the Vietnam War the rise of terrorism globalization Thematically presented the book covers topics relevant from the First World War to the Iraq war of 2003 and from post colonial Africa to conflicts and movements in Southeast Asia With maps chronologies and full bibliography this user friendly reference work is the essential companion for students of history politics and international relations and for all those with an interest in world history Deutschland seit 1945 Dieter Klar, Goethe-Institut (Monachium), 1997 **Longman Handbook of Twentieth Century Europe** Chris Cook, J. Stevenson, 2014-09-19 The twentieth century was one of constant upheaval across Europe The continent saw wars revolutions and the collapse of empires and a range of leading figures from Stolypin and Stalin to Chirac Schroder and Putin This book provides a detailed yet wide ranging guide to the turbulent events of twentieth century Europe Covering the whole period from Tsarist Russia and Imperial Germany to the Balkan Wars of the 1990 s and the final birth of the Euro in 2002 it provides a convenient user friendly compendium of key fact and figures for the whole of Europe from the Atlantic to the Urals *Memorialization in Germany since 1945* B. Niven, C. Paver, 2009-12-18 Difficult Pasts provides a wide ranging discussion of contemporary Germany s rich memorial landscape It discusses the many memorials to German losses during the Second World War to the victims of National Socialism and to those of GDR socialism With up to date coverage of many less well known memorials as well as the most publicised ones **British Exploitation of German Science and Technology, 1943-1949** Charlie Hall, 2019-01-16 At the end of the Second World War Germany lay at the mercy of its occupiers all of whom launched

programmes of scientific and technological exploitation Each occupying nation sought to bolster their own armouries and industries with the spoils of war and Britain was no exception Shrouded in secrecy yet directed at the top levels of government and driven by ingenuity from across the civil service and armed forces Britain made exploitation a key priority By examining factories and laboratories confiscating prototypes and blueprints and interrogating and even recruiting German experts Britain sought to utilise the innovations of the last war to prepare for the next This ground breaking book tells the full story of British exploitation for the first time sheds new light on the legacies of the Second World War and contributes to histories of intelligence science warfare and power in the midst of the twentieth century

**Germany's Parliament in Action** United States. Office of the US High Commissioner for Germany,1950

**Continuity and Change in German Politics** Stephen Padgett,Thomas Poguntke,2002 Over three decades Gordon Smith has written authoritatively and with style on almost every aspect of German politics In this volume leading UK and German scholars use themes from his work in an examination of the evolution of German policy in the face of socio economic change globalisation European integration and the domestic upheaval of unification

**Nazi Buildings, Cold War Traces and Governmentality in Post-Unification Berlin** Clare Copley,2020-05-28 Bringing together approaches from cultural and urban history as well as German studies and political theory Clare Copley s probing study reflects on post unification responses to iconic Nazi architecture to reveal insights into power legitimacy and memory politics in the Berlin Republic Analysing public debates physical interventions into the buildings and the structuring of the memory landscapes around them the book demonstrates that the politics of memory impact not just upon the built environment of the post dictatorship city but upon the way decisions about it are made In doing so Nazi Buildings Cold War Traces and Governmentality in Post Unification Berlin makes the case for conceiving of a specifically post authoritarian governmentality and uses the responses to constructions like Goering s Aviation Ministry Tempelhof Airport and the Olympic complex to explore its features
