Brook,2012-08-01 Handwriting Analyst's Toolkit Peter West,2004 Learn to read your emotions and desires and those of people you deal with every day A graphology expert instructs readers in the basics of handwriting analysis He shows how to employ a step by step method that gives a reliable description of a subject based on a sample of his or her handwriting Just as our voices reveal much about our emotions our motives and our needs so too does our handwriting present a psychological profile to the analyst who knows how to decipher it A simple but clever set of tools devised by the author is enclosed with this book Its components are A protractor to measure angles of handwriting slant and gauge emotions at the time of writing as well as to interpret enduring personality traits A gauge for estimating the zones into which each part of a handwritten letter falls A rule for measuring any letter s size and spacing All components in the tool kit are printed on sturdy transparent acetate to be used as an overlay on handwriting samples An opening chapter presents an overview of handwriting analysis discussing handwriting pressure size spacing slant and the qualities these features indicate Subsequent chapters discuss what handwriting reveals about a subject s public life and inner life A final chapter offers an at a glance guide to decoding psychological meanings underlying the various ways in which a subject shapes each letter of the alphabet This fascinating book provides a key to self understanding and the understanding of others More than 250 instructive color illustrations

CLINICAL GRAPHOLOGY Annette Poizner,2012-06-01 Faced with challenging economic times contemporary clinicians require assessment tools which can accelerate the therapeutic process and facilitate brief psychotherapy This text introduces graphology or handwriting analysis which has been used clinically in Europe for decades alongside other projective techniques In *Clinical Graphology An Interpretive Manual for Mental Health Practitioners* this clinical application becomes accessible The text provides a compelling rationale for the clinical evaluation of handwriting and demonstrates how therapists can access rich personal data by examining clients graphic behaviors The text is designed to systematically present clinical graphology in theory and practice A review of the literature demonstrates that the clinical use of graphology is consistent with the tenets of clinical practice Graphological interpretive theory is presented in detail providing a

theoretical understanding of those graphic features which are meaningful indices of psychological phenomena In this context the inherent congruity between graphological and psychological theory is explored Diverse handwriting samples including many of contemporary public figures illustrate graphic phenomena while demonstrating and encouraging the graphologist s unique type of visual acuity To facilitate the reader s ability to synthesize graphic traits into a holistic personality profile an interpretive schedule is provided which summarizes graphic indices and their interpretations A method of assessing handwritings is provided which permits a degree of standardization and so facilitates research Using this text readers can integrate graphological theory and cultivate interpretive skills Providing a comprehensive treatment of the psychology of handwriting this volume includes a discussion of caveats which guide the clinical use of graphology as well as research considerations and guidelines for sharing graphological findings with clients To date clinicians in North America remain unaware of the merits of graphology usage although they continue to seek out methods of assessment which will facilitate their clinical efforts This volume will demonstrate graphology as a tool which can be applied by those with virtually any theoretical orientation or practice model speaking to the interests of psychiatrists psychologists social workers art therapists vocational counselors pastoral counselors and naturopaths and paraprofessionals

Your Personality in Handwriting (Handwriting Analysis Guide) ,2010-12-07 The Real Window to the Soul They say that eyes are the windows to person s soul but eyes could never reveal as much about somebody s personality as handwriting does There are a lot of things about our life and personality that we keep hidden from others and even ourselves But there is one way to discover your true personality and the true personalities of the people around you The Secret of Reading Between the Lines to Discover the Truth Handwriting Analysis Everyone s handwriting is different just like our fingerprints But unlike fingerprints our handwriting can reveal everything about us from our level of generosity to our true sense of adventure With this book you ll uncover the simple step by step formula that will allow you to know the truth about people including yourself by looking at anything in writing whether it be a signature a grocery list or the address written on an envelope You ll discover more about yourself or what other people are feeling You ll be able to uncover the true potential of your children You ll learn more about your friends and your family You ll find out more about the new people in your life without asking any questions Want More It s in Here You can discover someone s suppressed desires through the doodles and the scribbles that they draw You can uncover someone s outer personality and find out how they want to be perceived by the public through their signatures This book will teach you step by step how to read through the lines and truly know people like you have never known them before If you are ready to learn about yourself and the people in your life get this book *The Complete Idiot's Guide to Handwriting Analysis* Sheila Lowe,2007 We know the power of handwriting analysis from such shows as CSI and Hard Copy in which a handwritten letter or note can lead to arrest of a criminal or kidnapper We heard about it million dollar divorce cases in which a graphology expert exposes a forced signature or matches an anonymous love letter to the cheating spouse

But handwriting analysis goes deeper than a simple tool to track undesirables Before psychotherapy and lie detector tests and profiling the endlessly fascinating study of graphology recognized patterns of in handwritten material that matched personality traits and contributed to snapshot of human nature The Complete Idiot s Guide to Handwriting Analysis Second Edition the most popular book on this amazing discipline shows us how to analyze almost any handwriting sample and understand the special characteristics of its writer s personality Drawing upon 30 years of experience as a professional graphologist Sheila Lowe explains clearly and insightfully what every little squiggle or dot shows about a person
