Strype's Works John Strype,1821 The Ground, Method, and Goal of Amandus Polanus' (1561-1610) Doctrine of God
Stephen B. Tipton,2022-07-11 Amandus Polanus 1561 1610 has often been described as a highly significant theologian but
also a neglected one Part of Polanus significance comes from his inclusion of ethics and practical application in his discussion
of theology and the way in which his theology mixes Ramist dichotomies and the scholastic distinctions common in Christian
Aristotelianism Stephen B Tipton shows how Polanus understanding of God s essence and attributes is built upon the ground
of scripture arranged with the aid of logical arguments and reasoning and aimed at the worship and glory of the Triune God
Tipton defends this conclusion against previous research which suggests that Polanus theology is grounded in rationalism
and subordinates the Trinity beneath an Aristotelian notion of God s perfect unity This research not only corrects these
previous notions about Polanus but it also provides greater insight into the early Reformed Orthodox period and the theology
that arose from that time *Works* John Strype,1821 **Notes of Sermons ...** John Offord (Minister of Palace Gardens
