Esther Dischereit:

Sometimes a Single Leaf Esther Dischereit, 2020 Whether in poetry fiction radio drama or sound installations Esther Dischereit's work represents a unique departure in recent European writing a distinctive off beat syntax of German Jewish intimacy with the fractured consciousness and deeply rutted cultural landscape of today's Germany Sometimes a Single Leaf mirroring the development of Esther Dischereit's poetry across three decades includes selections from three of her books as well as a sampling of more recent uncollected poems It is her first book of poetry in English translation In the words of her translator Esther Dischereit's poetry offers a visceral pathography of post war continuities spectres amnesia and trauma Her work builds on the poet's vulnerability and witness to a previous and ultimately unsealable dimension a dimension inhabited in a different way by the poetry of Paul Celan in which the violations and degradation of the Shoah resonate with harrowing persistence in the detail of contemporary everyday life At the same time however her poems test moments of personal and poetic redress espousing forms developed in an incessant exploration of speech rhythms and images celebrating the erotic and quotidian experimenting with hope seeking community

Turks, Jews, and Other Germans in Contemporary Art Peter Chametzky, 2021-09-14 The first book to examine multicultural visual art in Germany discussing more than thirty contemporary artists and arguing for a cosmopolitan Germanness With Turks Jews and Other Germans in Contemporary Art Peter Chametzky presents a view of visual culture in Germany that leaves behind the usual suspects those artists who dominate discussions of contemporary German art including Gerhard Richter Anselm Kiefer and Rosemarie Trockel and instead turns to those artists not as well known outside Germany including Maziar Moradi Hito Steyerl and Tanya Ury In this first book length examination of Germany's multicultural art scene Chametzky explores the work of more than thirty German artists who are among other ethnicities Turkish Jewish Arab Asian Iranian Sinti and Roma Balkan and Afro German With a title that echoes Peter Gay's 1978 collection of essays Freud Jews and Other Germans this book like Gay's rejects the idea of us and them in German culture Discussing artworks in a variety of media that both critique and expand notions of identity and community Chametzky offers a counternarrative to the fiction of an exclusively white Christian German culture arguing for a cosmopolitan Germanness He considers works that deploy critical confrontational and playful uses of language especially German and Turkish that assert the presence of foreign bodies among the German body politic that grapple with food as a cultural marker that engage with mass media and that depict and inhabit spaces imbued with the element of time American discussions of German contemporary art have largely ignored the emergence of non ethnic Germans as some of Germany's most important visual artists Turks Jews and Other Germans in Contemporary Art fills this gap

Keepers of the Motherland Dagmar C. G. Lorenz, 1997-01-01 Keepers of the Motherland is the first comprehensive study of German and Austrian Jewish women authors Dagmar Lorenz begins with an examination of the Yiddish author Glikl Hamil whose works date from the late seventeenth and early eighteenth centuries and proceeds through such contemporary writers as

Grete Weil Katja Behrens and Ruth Kl_ger Along the way she examines an extraordinary range of distinguished authors including Else Lasker Sch_ler Rosa Luxemburg Nelly Sachs and Gertrud Kolmar Although Lorenz highlights the author s individualities she unifies Keepers of the Motherland with sustained attention to the ways in which they all reflect upon their identities as Jews and women In this spirit Lorenz argues that the themes and characters as well as the environments evoked in the texts of Jewish women authors writing in German resist patriarchal structures The term motherland defining the domain of the Jewish woman s native language regardless of political or ethnic boundaries is juxtaposed with the concept fatherland referring to the power structures of the nation or state in which she resides Lorenz describes a vital diverse and largely dissident literary tradition a brilliant countertradition in effect that has endured in spite of oppression and genocide Combining careful research with inspired synthesis Lorenz provides an indispensable work for students of German Jewish and women s writings

Arrived at Last Gert Niers,2014-03-21 After many years of publishing journalistic and scholarly articles Gert Niers decided to break away from this format and to apply to his writing a more personal style suitable for autobiography and memoirs Arrived at Last is the story of his life in Germany after World War Two and then in America the country of his choice He tells his autobiography in an uncomplicated colloquial fashion the way one would talk perhaps at a bar table surrounded by friends This approach allows him to comment on many experiences and aspects of life He also reminisces about his excursions into France Belgium and the Netherlands and later on about the many people he met in the German and German Jewish community of New York City Everything is seen from a very personal perspective confession style Still the author has rendered historical facts as precisely and correctly as it was possible to him His descriptions and conclusions are those of an experienced observer His book is a contribution to minority and immigrant literature but also a cultural commentary about life in Europe and the U S

Making German Jewish Literature Anew Katja Garloff,2022-12-06 In *Making German Jewish Literature Anew* Katja Garloff traces the emergence of a new Jewish literature in Germany and Austria from 1990 to the present The rise of new generations of authors who identify as both German and Jewish and who often sustain additional affiliations with places such as France Russia or Israel affords a unique opportunity to analyze the foundational moments of diasporic literature *Making German Jewish Literature Anew* is structured around a series of founding gestures performing authorship remaking memory and claiming places Garloff contends that these founding gestures are literary strategies that reestablish the very possibility of a German Jewish literature several decades after the Holocaust *Making German Jewish Literature Anew* offers fresh interpretations of second generation authors such as Maxim Biller Doron Rabinovici and Barbara Honigmann as well as of third generation authors many of whom come from Eastern European and or mixed religion backgrounds These more recent writers include Benjamin Stein Lena Gorelik and Katja Petrowskaja Throughout the book Garloff asks what exactly marks a given text as Jewish the author s identity intended audience thematic concerns or stylistic choices and reflects on existing definitions of Jewish literature

German Studies in the Post-Holocaust Age Adrian Del Caro, Janet Ward, 2000 This is a collection of essays that grew out of a conference at the University of Colorado where international scholars met to assess the post war transformation of German Studies from 1945 1995 In the first section scholars address the intersecting problems of nationalism and anti-Semitism in modern and contemporary Germany The second section raises issues concerning the German Other providing innovative views on the hybrid state of German cultural production The third section offers unique insight into the apparently forbidden areas of artistic creation after Adorno's initial anti-graven image dictum in the face of Shoah atrocities In the final section the authors explore German literature and literary studies as international vehicles for reflection on the holocaust and for the ongoing renewal of national identities *Jews in Today's German Culture* Sander L. Gilman, 1995 The Shoah seemed to have erased the historical Jewish presence in German culture Since the late 1980s however a once silent and therefore relatively invisible Jewish community of the victims of the Shoah has been restructuring itself as a new generation of German Jews enters the mainstream of German cultural life Sander L. *Antisemitism* Susan Sarah Cohen, 1987
