**Fortress Church** Kester Aspden,2002      **Fishers' Knowledge in Fisheries Science and Management** Nigel Haggan,Barbara Neis,Ian G. Baird,2007 Drawing on a number of case studies from around the world this publication considers how the local knowledge and practices of indigenous fishing communities are being used in collaboration with scientists government managers and non governmental organisations to establish effective frameworks for sustainable fisheries science and management It seeks to contribute towards achieving the goal of establishing international responsibility for the ethical collection preservation dissemination and application of fishers knowledge      **Among the Deep Sea Fishers** ,1928      **All Hail to the Archpriest** Peter Lake,Michael Questier,2019-08-29 All Hail to the Archpriest revisits the debates and disputes known collectively in the literature on late sixteenth and early seventeenth century England as the Archpriest controversy Peter Lake and Michael Questier argue that this was an extraordinary instance of the conduct of contemporary public politics and that in its apparent strangeness it is in fact a guide to the ways in which contemporaries negotiated the unstable later Reformation settlement in England The published texts which form the core of the arguments involved in this debate survive as do several caches of manuscript material generated by the dispute Together they tell us a good deal about the aspirations of the writers and the networks that they inhabited They also allow us to retell the progress of the dispute both as a narrative and as an instance of contemporary public argument about topics such as the increasingly imminent royal succession late Elizabethan puritanism and the function of episcopacy Our contention is that if one takes this material seriously it is very hard to sustain standard accounts of the accession of James VI in England as part of an almost seamless continuity of royal government contextualised by a virtually untroubled and consensus based Protestant account of the relationship between Church and State Nor is it possible to maintain that by the end of Elizabeth s reign the fraction of the national Church separatist and otherwise which regarded itself or was regarded by others as Catholic had been driven into irrelevance      **A.I.D.
