Fang Gnome:

Fang, the Gnome Michael G. Coney, 2013-04-29 There was a time when the Earth had three moons and when the seductive sorceress Avalona could alter futures and bend happentracks with her spells Indeed in this vast chaotic universe called the Greataway with its many imaginable futures anything is possible Especially when Nyneve Avalona s bewitching human disciple conjures up the complete legend of Camelot and when the roguish gnome Fang slayer of the dread daggertooth stumbles into the human happentrack causing human and gnome worlds to overlap For then the moons begin to disappear one by one and Fang Nyneve and all their comrades find themselves caught in a happentrack from which there is no escape a happentrack in which the legend of Arthur might prove their only salvation **Fang, the Gnome** Michael

Coney, 1988 King of the Scepter'd Isle Michael G. Coney, 2013-04-29 The beautiful Dedo Nyneve s innocent tales of a land called Camelot have spawned a real life cast determined to choose their own fates yet each move draws them closer to catastrophe And as the many happentracks of the universe narrow to a dangerous few the actions of every sorcerer man and living creature will determine whether the great god Starquin lives or dies For the first time in remembered history humans and gnomes find themselves sharing the same Earth happentrack But King Arthur has larger concerns as he watches the society he rules spiralling toward ultimate destruction Little does he know that the evil Mogan Le Fay has been working her treacherous magic to split the happentracks wide open a deadly betrayal that could spell the end of Camelot With the ma possible futures swiftly shrinking to one last destiny too awful to contemplate courageous Fang the gnome joins forces with Arthur and Nyneve to manipulate history in a final confrontation of wills and worlds The last move is Fang s as he unravels the strands of time to keep his clan from the brutal vision of Starquin s end The Silver Fang George Frank Worts, 1930

Jim Kobak's Kirkus Reviews, 1989 **Isaac Asimov's Science Fiction**, 1988-07 **Science Fiction, Fantasy, & Horror**, 1988 A comprehensive bibliography of books and short fiction published in the English language Analog Science Fiction/science Fact, 1990 **Olderr's Fiction Index**, 1989 **Shifter** Judith Reeves-Stevens, Garfield Reeves-Stevens, 1990 He was Galen Sword by day but who was he by night Galen Sword was known as a rich New York City playboy The public didn t know that his Porsche contained state of the art equipment designed to track down an extraordinary creature or that Galen was actually on a dangerous quest to find another world his world Shadowy memories of being sent away from his beloved parents had given Galen an obsession to get back to a parallel universe where he had been heir to a powerful dynasty but had been born unaccountably and unacceptably human To find his way home now he had to capture a beast that crossed over from that world into the city s dark streets looking for prey a werewolf alive deadly and very real But trying to stop Galen was a race of brutal magical beings armed with the power that was terrifying and perhaps unbeatable *Wizard's Mole* Brad Strickland, 1991 **Discover**, 1989 **Science Fiction & Fantasy Book Review Annual**, 1990 **"The Lost Horizon"** Bo Li, 2002 *Not for Glory* Joel Rosenberg, 1989 Business success or failure is often

determined by decisions made in establishing selling prices for products and services In this clear and readable work the authors present a good summary of the literature on pricing policy emphasizing the relevance of costs They propose a system that involves analyzing indirect costs to distinguish those that may be relevant to pricing in some circumstances but not others This analytical contribution accounting has promise as a tool for many businesses Students writing papers on costs and pricing policy would find this volume a useful starting point The bibliography is good College and university collections Using practical examples and simple language this book develops an accounting system that is a new and functional key to making product pricing decisions This accounting system which bridges the gap between full and direct costing is called Analytical Contribution Accounting Georges and McGee demonstrate practically as well as theoretically why it is so superior for pricing purposes The system is based on the relativity aspects implicit in the direct cost method and on the calculations of a set of differentiated contributions

Squadron Alert Roland J. Green,1989 In the twenty sixth century the United Federation of Starworlds is sworn to protect the many planets under its sway at any cost So when the call for aid is received from Victoria a world divided between the Federation and its most powerful competitor the Freeworld States Alliance Captain Rose Liddell orders the battle cruiser Shenandoah repaired and redirected into space at breakneck speed But as the Shenandoah reaches the Victoria system it discovers a situation more explosive than anyone had been prepared to face Someone is manipulating Federation and Alliance forces alike someone ready to use hijacking terrorism and a starship with advanced militaristic capabilities And unless they can find out who this unknown opponent is the two superpowers might find themselves firing the opening missiles in a war neither wants yet neither can prevent Pg 4 of cover

Trek to Kraggen-Cor Dennis L. McKiernan,1987-04-07 **Olderr's Young Adult Fiction Index** ,1989 To be Continued Merle Jacob,Hope Apple,1995 This guide identifies both in print and out of print works of fiction featuring continuing themes plots or characters in which there is a sense of development and passage of time Entries are arranged alphabetically by author and are accompanied by bibliographic information

Never Deal with a Dragon Robert N. Charrette,1990
