L'architecture De Montreal:

Art Et Architecture Au Canada Loren Ruth Lerner, Mary F. Williamson, 1991-01-01 Identifies and summarizes thousands of books, articles, exhibition catalogues, government publications and theses published in many countries and in several languages from the early nineteenth century to 1981 *Montreal Architecture* François Rémillard, Brian Merrett, 1990

L'architecture de Montréal Raymonde Gauthier, Mia, Pierre-Richard Bisson, Klaus, Stéphan Poulin, Jacques E. Folch-Ribas, 1990 Magnifique album photographique dont les quelque 243 images illustrent la richesse architecturale de notre patrimoine. Chaque photo est accompagnée d'une notice qui rappelle l'histoire du bâtiment et son style architectural. Qualité remarquable des photographies et de la mise en pages [Architecture and Town Planning in Colonial North America](#) James D. Kornwolf, Georgiana Wallis Kornwolf, 2002 Incorporating more than 3 000 illustrations, Kornwolf's work conveys the full range of the colonial encounter with the continent's geography from the high forms of architecture through formal landscape design and town planning. From these pages emerge the fine arts of environmental design, an understanding of the political and economic events that helped to determine settlement in North America, an appreciation of the various architectural and landscape forms that the settlers created, and an awareness of the diversity of the continent's geography and its peoples. Considering the humblest buildings along with the mansions of the wealthy and powerful, public buildings, forts, and churches, Kornwolf captures the true dynamism and diversity of colonial communities, their rivalries and frictions, their outlooks and attitudes as they extended their hold on the land [The Routledge Companion to Art Deco](#) Bridget Elliott, Michael Windover, 2019-06-25 Scholarly interest in Art Deco has grown rapidly over the past fifty years, spanning different academic disciplines. This volume provides a guide to the current state of the field of Art Deco research by highlighting past accomplishments and promising new directions. Chapters are presented in five sections based on key concepts: migration, public culture, fashion, politics, and Art Deco's afterlife in heritage restoration and new media. The book provides a range of perspectives on and approaches to these issues, as well as to the concept of Art Deco itself. It highlights the slipperiness of Art Deco yet points to its potential to shed new light on the complexities of modernity [Canadian Reference Sources](#) Mary E. Bond, Martine M. Caron, 1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian people, institutions, organizations, publications, art, literature, languages, and history. It lists books of a general nature as well as works in the disciplines of history and the humanities. These large divisions are then broken down by subject, genre, type of document, and province or territory. Titles of national, provincial, territorial, or regional interest are included in every subject area when available. The contents of the book are indexed four ways: by name, title, French subject, and English subject. And to facilitate browsing, the major reference books, those dealing with more than one subject or a large geographical region, are also cross-referenced. Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages. Entries for unilingual works

include acitation in the language of the publication and a bilingual annotation The annotations are descriptive and provide information on the content arrangements and indexing of works the availability of non printformats previous editions and title changes and related works Canadian Reference Sources will be an invaluable referencetool for future scholars and researchers
