Ghosts And Things:

Ghosts and Things Aviva Briefel, 2025-04-15 *Ghosts and Things* argues that Victorians turned to the dead to understand the material culture of their present. With the rise of spiritualism in Britain in the early 1850s, séances invited participants to contact ghosts using material things from ordinary household furniture to specialized technologies invented to register the presence of spirits. In its supernatural object lessons, Victorian spiritualism was not just a mystical movement centered on the dead but also a practical resource for learning how to negotiate the uncanniness of life under capitalism. Aviva Briefel explores how spiritualism compelled séance participants to speculate on the manufacture of spectral clothing, ponder the hidden histories and energies of parlor furniture, confront the humiliations of consumerism as summoned spirits pelted them with exotic fruits, and comprehend modes of mechanical reproduction like photography and electrotyping that had the power to shape identities. Briefel argues that spiritualist practices and the objects they employed offered both believers and skeptics unexpected frameworks for grappling with the often invisible forces of labor, consumption, exploitation, and exchange that haunted their everyday lives. *Ghosts and Things* reveals how spiritualism's explorations of the borderland between life and death matter and spirit produced a strange and seductive combination of wonder and discomfort that allowed participants to experience the possibilities and precarities of industrial modernity in novel ways. [Real Hauntings 5-Book Bundle](#) Mark Leslie, Jenny Jelen, Shayna Krishnasamy, 2018-10-13 Experience a ghostly thrill with Mark Leslie's five books on strange supernatural happenings. *Macabre Montreal* Montreal is steeped in history and culture. But there are dark tales, eerie stories, and ghostly spectres that come alive once the sun goes down. *Creepy Capital* True stories of ghostly encounters and creepy locales lurk throughout the Ottawa region. Come along with Canada's paranormal raconteur extraordinaire Mark Leslie and discover the first person accounts of ghostly happenings at landmarks throughout the historic city and surrounding towns. *Haunted Hamilton* From the Hermitage ruins to Dundurn Castle, from the Customs House to Stoney Creek Battlefield Park, the city of Hamilton, Ontario, is steeped in a rich history and culture. But beneath the surface of the Steel City, there dwells a darker heart. From the shadows of yesteryear arise the unexplained, the bizarre, and the chilling. *Spooky Sudbury* From haunted mine shafts to inexplicable lights in the northern sky, there are strange things afoot in the peaceful northern municipality of Sudbury, an eerie phenomenon that will amaze, give you pause, make you wonder, and have you looking twice at what might first appear to be innocent shadows. *Tomes of Terror* It's been said that books have a life of their own, but there's more than literature lurking in the cobwebbed recesses of dusty bookstores and libraries across Canada. Read about some of the most celebrated and eerie bookish haunts and try to brush off that feeling of someone watching from just over your shoulder. *Co-habiting with Ghosts* Caron Lipman, 2016-05-23 How does it feel to live in a haunted home? How do people negotiate their everyday lives with the experience of uncanny, anomalous, or strange events within the domestic interior? What do such experiences reveal of the intersection between the material, immaterial, and temporal within the home? How do people

interpret share and narrate experiences which are uncertain and unpredictable What does this reveal about contested beliefs and different forms of knowledge And about how people co habit with ghosts a distinctive self other relationship within such close quarters This book sets out to explore these questions It applies a non reductive middle ground approach which steers beyond an uncritical exploration of supernatural experiences without explaining them away by recourse only to wider social and cultural contexts The book attends to the ways in which households in England and Wales understand their experience of haunting in relation to ideas of subjectivity gender materiality memory knowledge and belief It explores home as a place both dynamic and differentiated illuminating the complexity of everyday experience the familiarity of the strange as well as the strangeness of the familiar and the ways in which home continues to be configured as a distinctive space **The Origin of**
