Economics Sg:

The Singapore Economy Hian Teck Hoon, 2021-09-26 Even after achieving the status of a developed economy many economies face other challenges which may include economic stagnation and income inequality The book looks at how a mature economy can continue to weather challenges and how the growth of living standards will depend on productivity growth through Singapore's experience After Singapore's rapid economic transformation the nation is at a crossroads The book explains how productivity growth in turn depends on technological diffusion from abroad as well as indigenous innovation It also examines how the design of policy to develop indigenous innovation to promote economic dynamism may come with creative destruction and disruptive effects on jobs and wages The Singapore Economy provides insight into how we can maintain social cohesion and establish a political equilibrium that embraces the new sources of growth through policy formulation for economic inclusion

The Singapore Economy Reconsidered Lawrence B. Krause, Ai Tee Koh, Yuan Lee Tsao, 1990-01-01 This study re-examines some of the issues challenges and policy options facing the Singapore economy in the light of the 1985-86 recession Particular attention is paid towards reappraising the role of the government as an entrepreneur in economic activity in macro economic management in savings and investment and in the labour market This is done in the context of and alongside an assessment of Singapore's linkages with the global economy and its future comparative advantage in a dynamic international environment

Economic growth and development in Singapore Peter Wilson, 2002 In this book Gavin Peebles and Peter Wilson offer an historical overview of the rapid growth and development of the Singapore economy detailing the institutions and policies which have made this growth possible They examine the current state of the economy and its future in terms of prospective growth and structural change

Singapore's Economic Development Linda Y. C. LIM, 2015-12-30 Singapore is known internationally for its successful economic development Key to its economic successes is a variety of policies put into place over the past 50 years since its independence Singapore's Economic Development Retrospection and Reflections provides a retrospective analysis of independent Singapore's economic development from the perspective of different policy domains each considered by different expert scholars in that particular field The book is written by academic economists in a style that is accessible to non-experts Each chapter includes reviews of past scholarship current data on each policy area and reflections on required or desirable future policy changes and outcomes

The Singapore Economy Tilak Abeyasinghe, Keen Meng Choy, 2007-03-12 Singapore's phenomenal transformation from Third World to First World status has been of great interest to economists around the

world yet there has been little quantitative research done on its economy and institutions This innovative new research monograph fills the lacunae by presenting the Singapore economy through a macroeconomic model and laying the foundations for further research Using formal econometric analysis and novel modelling techniques Abeysinghe and Choy offer rare insights into how the Singapore economy works Each of the major chapters discusses the implications of the empirical findings for current policy and an entire chapter has been devoted to macroeconomic policy simulations This book is a unique introduction to the Singapore economy and would be of interest to econometric modellers and policy makers in Singapore as well as advanced undergraduates and graduate researchers interested in modelling small open economies

The Economic Growth of Singapore W. G. Huff,1997-08-13 This book provides a comprehensive overview of the economic development of Singapore easily the leading commercial and financial centre in Southeast Asia throughout the twentieth century This development has been based on a strategic location at the crossroads of Asia a free trade economy and a dynamic entrepreneurial tradition Initial twentieth century economic success was linked to a group of legendary Chinese entrepreneurs but by mid century independent Singapore looked to multinational enterprise to deliver economic growth Nonetheless exports of manufactures accounted for only part of Singaporean expansion and by the 1980s Singapore was a major international financial centre and leading world exporter of commercial services Throughout this study Dr Huff assesses the interaction of government policy and market forces and places the transformation of the Singaporean economy in the context of both development theory and experience elsewhere in East Asia The Journal of Home Economics ,1927
