The Militant Song Movement in Latin America Pablo Vila, 2014-05-01 Latin America in the 1960s and 1970s underwent a profound and often violent process of social change From the Cuban Revolution to the massive guerrilla movements in Argentina Uruguay Peru Colombia and most of Central America to the democratic socialist experiment of Allende in Chile to the increased popularity of socialist oriented parties in Uruguay or para socialist movements such as the Juventud Peronista in Argentina the idea of social change was in the air Although this topic has been explored from a political and social point of view there is an aspect that has remained fairly unexplored The cultural and especially musical dimension of this movement so vital in order to comprehend the extent of its emotional appeal has not been fully documented Without an account of how music was pervasively used in the construction of the emotional components that always accompany political action any explanation of what occurred in Latin America during that period will be always partial This book is an initial attempt to overcome this deficit In this collection of essays we examine the history of the militant song movement in Chile Uruguay and Argentina at the peak of its popularity from the mid 1960s to the coup d tats in the mid 1970s considering their different political stances and musical departments Throughout the book the contribution of the most important musicians of the movement Violeta Parra Víctor Jara Patricio Manns Quilapayán Inti Illimani etc in Chile Daniel Viglietti Alfredo Zitarrosa Los Olimareños etc in Uruguay Atahualpa Yupanqui Horacio Guarany Mercedes Sosa Marian Faras Gómez Armando Tejada Gómez César Isella Víctor Heredia Los Trovadores etc in Argentina are highlighted and some of the most important conceptual extended oeuvres of the period called cantatas are analyzed such as La Cantata Popular Santa María de Iquique in the Chilean case and Montoneros in the Argentine case The contributors to the collection deal with the complex relationship that the aesthetic of the movement established between the political content of the lyrics and the musical and performative aspects of the most popular songs of the period
