Economic Organisation Of A Financial System:

The Economic Organisation of a Financial System Edwin Neave, 2017-11-30 Originally published in 1991 The Economic Organisation of a Financial System develops a descriptive theory of a financial system's organisation and functions and applies the theory of organisational economics to the study of a financial system The book attempts to reconcile neoclassical financial theory and managerial finance by synthesising the main findings of these studies within an institutional economics framework The book helps to relate the complementary perspectives of current theory and current practice and aims to strengthen the relations between both theory and practice The book's contents provide a detailed illustration of how organisational economics can be put to work The Economic Organisation of a Financial System Edwin H.
