## **Forgotten Self:**

**My Forgotten Self** Lynyetta G. Willis, 2015-11-28 Tiev is a playful girl who vividly dreams about the many paths her life can take. However, when she shares these dreams with her family, they quickly tell her why she cannot be any of the things her heart desires. Feeling lost, hurt, and confused, Tiev encounters a powerful and loving Being I Am Tiev, who gets a glimpse into who she truly is and the amazing gifts waiting for her along each of her desired paths. Intended for children ages 5-9 years old, *My Forgotten Self* allows children and adults alike to experience an opportunity to deepen their spiritual awareness as they follow Tiev and learn the truth about who we really are as spiritual beings. *The Forgotten Self* Asa E. Lennon, 2001-06-06

*The Forgotten Self* is a product of a lifetime study of meditation, eastern philosophy, and spiritual seeking. The author, a martial arts teacher and practitioner, found a need among his fellow students for a how-to manual on the subject of meditation. This instructional paper became a chapter in this three-part book. *The Forgotten Self* deals with such topics as meditation, world religions, metaphysics, and spirituality as it relates to today's world. It is a guideline for the spiritual life style, as well as an instructional manual for unlocking those lost or unknown abilities latent in mankind as a species. Insightful and rewarding, *The Forgotten Self* promises to leave the reader with a better understanding of reality, the universe, and his part in it. Divided into three separate sections, this book leads the reader through a process of opening possibilities, providing answers for them, and expanding awareness through practical experiments. The first part is *The Essence of Reality*. Here, the author discusses such topics as modern society, individual and mass reality, and forgotten ancient wisdom. Asa Lennon believes there are abilities of mankind that have, in the whirl of modern society, been anciently forgotten. He hopes to show the reader that man has reached the point in history where he teeters between existence and extinction, between civilization and chaos. It is the distancing of man from spirit that is at the heart of this problem. By returning to spirit, we can reclaim our heritage as keepers of the Earth and her treasures. The second part is *The Mystic Way, the Forgotten Path*. Here, Lennon discusses the solutions to problems that plague mankind individually and en masse. This part outlines specific ways to enhance your life, society, and the universe as products of the conscious awareness of the individual. Part three will open the reader's awareness through the introduction of various spiritual and metaphysical concepts. Entitled *Remembering Yourself*, it not only provides mind-challenging possibilities but actually describes experimental opportunities. In the chapter *The Human Laboratory*, Asa Lennon promises *The Forgotten Self* will embark the reader on a journey of increased awareness, spirituality, and wonder as the forgotten self once again becomes known. **The Forgotten Self** William Marshall, 2005

About the acceptance of self and others in a challenging and ever-changing world that is undergoing the shift in consciousness so grand that reality itself is challenged. This is a fiction for the 21st century. It introduces the reader to concepts such as *If it isn't fun, don't do it* in the literal sense. **FREEDOM from BAGGAGE** Ramesh Vaish, Do you realize how much baggage you are carrying in your life? Things which are no longer necessary, possessions which have no purpose.
