Exploring All Of Me:

Always Enough L. K. Craft, 2006-06-20 As a child Sue Martin struggles to understand why her mother keeps her at a distance Always eavesdropping she hears her mother constantly referring to her as poor ol Sue This contributes to her low self esteem and leaves her feeling abnormal The story begins in the 1960 s and spans the most formative years of her life Possessing an intensity about everything Sue intellectually and emotionally matures at a young age Gary Waltham a student of art seeks to show her the beauty of the world Everything about him is a contrast to the turmoil and unrest inside her Very mature for their age they grow in love However one night while Sue is alone at a party her curiosity about alcohol leads to reckless drinking As her inhibitions diminish her repressed sexual desires quickly unfold This is the beginning of Sue s secret life of sexual exploration Slowly the reckless disregard for herself erodes her stability Seeking to sort life out at college Sue is stunned by the coldness and indifference of Dr Sarah McBride the Dean of Women Challenged by her demeanor Sue relentlessly breaks through her facade and discovers an amazing story of Sarah s character and strength to out live her sentence of death Unbeknownst to either of them their lives have a parallel reality and connection Sarah McBride now in her sixties is forced to look back at the great love story of her life meanwhile Sue is forced to cope with a devastating tragedy that reveals overwhelming evidence of a love beyond her comprehension **Harper's New Monthly Magazine** ,1876

Soul Excavation: An Exploration and Discovery of Self Through Fear, Failure, and Quantum Physics Lesia Daria Kohut, 2022-11-11 Soul Excavation An Exploration and Discovery of Self Through Fear Failure and Quantum Physics is about one woman s transformational journey of living from fear anger and pain to discovering and choosing to live as the Infinite Power Creativity and Love she is at her core Lesia Kohut begins with her story of fear a brave candid exploration into how the turbulent relationship with her dad and confusing relationship with God early on in life lay the groundwork for three main limiting beliefs These beliefs were the foundation for several decades of living in fear anger pain and self doubt leading to attempted suicide alcoholism and believing there was something inherently wrong or broken with her In the second story she focuses on the failure grief and loss of identity felt during the painful emotional and financially crushing experience of closing down her dream turned nightmare organic sustainably minded gluten free bakery By the leap of faith story Lesia illustrates how her steadfast commitment to her Spiritual Consciousness Studies inspired and empowered her to anchor herself in knowing that no matter what personal financial and emotional challenges she and her family faced while moving across the country a few years ago she was always at choice as to how to move forward in life that she was the one creating her reality In the next part of the book Lesia explores the concept and impact of limiting beliefs focusing on the three main beliefs from her life You re not good enough You re not smart enough and You don t have what it takes She tells us how her Spiritual Studies including the more recent plunge into Quantum Physics helped her to become aware of her relationship with those long standing beliefs and to better understand and accept how and why they d kept her feeling stuck for so long This

awareness and understanding led to the profound realization that she was actually not her beliefs but that she was infinitely bigger and more powerful than the fear anger and pain she d felt and the failures she d experienced for most of her life Lesia explains how this renewed sense of faith and exciting understanding of reality from a quantum perspective has become the new foundation for how she now perceives and values her relationship with her dad and with God how she looks back on circumstances around the closing of her beloved bakery and how she moves forward in life today By sharing her journey from fear and failure to infinite possibilities Lesia shows us that just because life has been a certain way up until now doesn t mean it has to be that way going forward The stories nuggets and aha s in this book open the door for others to realize that we can all choose to live from love rather than fear at any time that we are all creators of our reality and that we are all infinitely more
