**DISCOVERING THE ORIGINAL BIBLE** Edward D. Andrews, 2023-05-01 Embark on a fascinating journey through the sacred pages of history as you explore the unparalleled impact and truth of the original Bible. *Discovering the Original Bible: Accuracy, Authenticity, and Reliability* is a comprehensive guide that dives deep into the heart of the biblical text, unveiling its historical foundation and relevance for today's world. Divided into four sections, this book takes readers on a captivating exploration of the Old and New Testaments, dissecting their accuracy, authenticity, and reliability. In the first section, readers will learn about the origins and importance of the Bible while also gaining insights into the Hebrew Old Testament and Greek New Testament. The second section delves into the accuracy, authenticity, and reliability of the Old and New Testament documents, answering crucial questions about their historical veracity. In the third section, readers will examine the dates and canon of the New Testament, analyze the authenticity of the Hebrew Scriptures, and explore the historical foundations of the Bible through prophecies that came true. Finally, the fourth section addresses common challenges and questions related to the Bible, including supposed contradictions, the reality of miracles, the relationship between the Bible and science, and the role of archaeology in supporting the biblical record. With in-depth research and engaging analysis, *Discovering the Original Bible: Accuracy, Authenticity, and Reliability* offers a compelling case for the truth and enduring relevance of the Bible. This enlightening volume is perfect for anyone seeking to deepen their understanding of the Scriptures, strengthen their faith, and appreciate the incredible journey of God's Word through history.

**John and the Johannine Letters** Prof. Colleen M. Conway, 2017-11-15 While the book necessarily includes discussion of key concepts in Johannine scholarship, e.g. the existence or not of a distinctive Johannine community, questions regarding the gospel's sources and redactional layers, it also takes into account more recent developments in New Testament studies. It includes gender-related issues with influence by postcolonial approaches, as well as the influence of the Gospel's socio-political context in shaping its Christology and theology. Chapters focus on the different approaches to the Johannine texts and view the Gospel and letters through the lens of each respective approach. Chapters also encourage observation and open with a brief scripture reading assignment followed by guiding questions to help students understand the key questions and themes for each approach.

*Discovering the New Testament* Mark J. Keown, 2022-05-18 *Discovering the New Testament* is a comprehensive introduction to the New Testament in three volumes, reflecting current research and scholarship in New Testament studies. Each volume provides a thorough discussion of background issues as well as treating theological themes and practical application. In this third volume, Mark J. Keown surveys Hebrews, the General Epistles, and Revelation. In addition to covering introductory matters, Keown addresses key concerns for each book, such as the use of the Old Testament in Hebrews, James's view of justification, the relationship of Peter and Jude, and Revelation's various interpretative approaches. Ideal for college or seminary students, *Discovering the New Testament* provides numerous maps and charts, as well as discussion questions for each chapter and a focus on real life.
