## **Heart Chakra Three Masters:**

*Within the Heart of God, I Am* Lucero Tello, MorningStar, 2020-02-15 *Within the Heart of God I Am* is a true story about the mystical experiences and divine support that not only changed the author's life forever but propelled her to share it. Here is the detailed description of how the voice of God makes itself heard in all of our lives and how the power resides within each of our hearts to hear it. In this collection of stories about truth and love with the author our protagonist tells readers about how she started receiving divine messages after her Galactic family began making appearances in her photographs some of which are included in the book. Here is the apparition of the Divine Feminine in the Himalayan mountains for example the hands of God in the sky and the encircled fourth pointed star indicating the Second Coming of the Christ among others. The book's nine chapters synthesize each mystical event and the lesson associated with it. She unpacks Led Zeppelin's *Stairway to Heaven* to understand the powerful message it imparts from Mother Mary which the author received while she was in Sedona Arizona along with a song she with Mother Mary's divine assistance composed in response. Her virtues of unconditional love, tenderness and compassion are desperately needed in our present world. Along with the stories and photos there is information about the author's healing abilities and some testimonials. Ultimately she would like to help the reader to recognize their own power to initiate the process of liberation through meditations, exercises and practices that enhance one's life bringing liberation which is human's deepest desire after all. The love of God is without exception we are galactic beings after all. By raising our perception we may change our environment. [DNA of the Spirit, Volume 1](#) Rae

Chandran, 2014-09-01 The etheric strands of your DNA are the information library of your soul.
