

EXPLODING --- CHIPPEWAS

Mark Turcotte

Exploding Chippewas

JL Elias

Exploding Chippewas:

Exploding Chippewas Mark Turcotte, 2002-05-22 Everything this poet touches is volatile the poet himself the people and world around him ideas and mythologies the ghosts of memory and the dream of possible futures all seem to burst into fragments Mark Turcotte uses poetry to gather up the pieces the shards of joy and grief peace and doubt strength and temptation questions and answers as he tries to define and rediscover what is lost when everyday life becomes explosive

Exploding Chippewas Mark Turcotte, 2002-05-22 A collection of poems exploring a continuing struggle with identity Everything this poet touches upon is volatile the poet himself the people and world around him ideas and mythologies the ghosts of memory and the dreams of possible futures all seem to burst into fragments Mark Turcotte uses poetry to gather up the pieces the shards of joy and grief peace and doubt strength and temptation questions and answers as he tries to define and rediscover what is lost when everyday life becomes explosive The first part of the book is a series of lyrical poems that all begin with the phrase Back when I used to be Indian a self contradictory concept that strikes at the heart of Turcotte s identity His absent father and his own experience of fatherhood are the subjects of a second group of poems leading him to explore the legacy that burdened his father and in turn the different kind of legacy that now burdens him In a third and final group Turcotte s imagination reaches again into the many flames of his experience leading toward the title poem where even the most dangerous of fires become a guiding light

Native American Literature Sean Teuton, 2017-12-20 North American indigenous literature reaches back thousands of years to when the continent s original inhabitants first circled fires and shared tales In this Very Short Introduction Sean Teuton tells the story of indigenous literature from its ancient and largely oral beginnings to its contemporary stature in North America

Native Authenticity Deborah L. Madsen, 2012-02-01 An indispensable resource for readers students and scholars of Native literatures in North America Native Authenticity offers a clear comprehensive and systematic look at the diversity of critical approaches to the idea of Indian ness Some of the foremost transatlantic scholars of Native Studies in North America and Europe share their insights on this highly charged aspect of the contemporary theoretical field of Native Studies The issue of authenticity or Indian ness generates a controversial debate in studies of indigenous American literatures The articulation of Native identity through the prism of Euro American attempts to confine Indian groups to essentialized spaces is resisted by some Native writers while others recognize a need for essentialist categories as a key strategy in the struggle for social justice and a perpetually renewed sense of Native sovereignty Pressure from neo colonial essentializing practices is in conflict with a politics of cultural sovereignty which demands a notion of Indian essence or authenticity as a foundation for community values heritage and social justice Contributors participate in a scholarly and pedagogical search for an intellectual paradigm for Native literary studies that is apart from yet cognizant with powerful colonial legacies The complex politics of Polynesian authenticity versus Native indigeneity is engaged by Native Hawaiian writers as they negotiate conflicting demands upon personal and tribal

identities Related to this questioning is the authenticity debate in Canadian First Nations writing where the claim to authenticity rests upon a claim to historical precedence also related is the highly contentious claim by some Chicano writers to an indigenous heritage as a claim to authority and American authenticity Essays in this volume are focused upon the diverse and sophisticated responses of Native writers and scholars while offering comparative perspectives on Native Hawaiian Chicano and Canadian literatures

American Indian Culture and Research Journal ,2002 What the Chickadee Knows Margaret Noodin,2020-09-15 Modern poems conceived first in Anishinaabemowin and then in English Margaret Noodin explains in the preface of her new poetry collection *What the Chickadee Knows* Gijigijigaaneshiinh Gikendaan Whether we hear giji giji gaane shii shii or chick a dee dee dee depends on how we have been taught to listen Our world is shaped by the sounds around us and the filter we use to turn thoughts into words The lines and images here were conceived first in Anishinaabemowin and then in English They are an attempt to hear and describe the world according to an Anishinaabe paradigm The book is concerned with nature history tradition and relationships and these poems illuminate the vital place of the author s tribe both in the past and within the contemporary world *What the Chickadee Knows* is a gesture toward a future that includes Anishinaabemowin and other indigenous languages seeing growth and revitalization This bilingual collection includes Anishinaabemowin and English with the poems mirroring one another on facing pages In the first part *What We Notice* E Maaminonendamang Noodin introduces a series of seasonal poems that invoke Anishinaabe science and philosophy The second part *History* Gaa Ezhiwebag offers nuanced contemporary views of Anishinaabe history The poems build in urgency from observations of the natural world and human connection to poems centered in powerful grief and remembrance for events spanning from the Sandy Lake Tragedy of 1850 which resulted in the deaths of more than four hundred Ojibwe people to the Standing Rock water crisis of 2016 which resulted in the prosecution of Native protesters and ultimately the completion of the Dakota Access Pipeline on sacred land The intent of *What the Chickadee Knows* is to create a record of the contemporary Anishinaabe worldview as it is situated between the traditions of the past and as it contributes to the innovation needed for survival into the future Readers of poetry with an interest in world languages and indigenous voices will need this book

Vespers Virgil Suárez,Ryan G. Van Cleave,2003 This anthology of poems by 50 contemporary American poets cuts to the heart of our theological and spiritual underpinnings From deathbed spirituals to initiation songs and transformative ballads they help us realize we are not alone
